Election Feb. 6 On Establishing Chouteau Village

Judge Rules Adequate Link in Vicinity of Crossing at Mitchell

An election Tuesday, Feb. 6, on whether to create the village of Chouteau was called yesterday by Chief Circuit Judge James O. Monroe Jr.

The action followed a re-hearing at which a scale map of the 1.31-square-mile area was presented by Willard G. Flagg, an Edwardsville civil engineer. A map not drawn to scale had been submitted at the initial hearing Dec. 5.

In ordering the election after hearing testimony and legal arguments yesterday morning at the Madison county courthouse, Judge Monroe ruled that the territory complies with the statutory requirement that it be a "village in fact." About 20 attended the re-hearing.

The issue consisted of whether the proposed boundary line forms an area of sufficient compactness and contiguity, or whether it outlines two separate areas held together by an inadequate connecting link in the vicinity of the former Mitchell railroad crossing. Interstate Route 270 now carries the traffic across the tracks at Mitchell.

100-Foot-Wide Link
The map showed that the connection is an area of 100 feet north to south and 400 feet east to west, consisting of the Chain of Rocks road (former Bypass 40 and 66) and the road shoulders.

Judge Monroe approved a Nov. 20 petition with 55 signatures seeking the designated route that the plan meets the prerequisites outlined in Illinois statutes, including size and population.

Petitioners were represented by Attorney Francis Manning of Wood River and objectors by Attorney Thad Carter of Alton who had filed a memorandum Dec. 11 challenging the compactness of the territory.

Only witness yesterday was Steve Novosil III, one of those who circulated the petition and a spokesman for the group desiring establishment of a village government in the western Mitchell area.

Immediate Expansion
The group has indicated it hopes to expand into eastern Mitchell a short time after the election if the incorporation vote is affirmative.

It was brought out at the initial hearing that it also is planned to fill in the middle of the horseshoe-shaped territory. Carter contended that the 100-foot wide connecting link composed principally of a roadway constitutes insufficient contiguity.

Manning stressed that the decision was solely up to the judge asserting that the law does not provide for objectors to be heard. Monroe then had Carter explain what his objections would be if they hypothetically could be heard.

Actual decision on whether the proposed village is formed will be made by a majority of those casting votes in the special election. If the incorporation passes, a later vote would be held to name village officials.

Polling Place, Judges
In one of two formal orders by Judge Monroe, he designated the election for 6 a.m. to 6 p.m. Tuesday, Feb. 6, with all voting at the main building of the Sun and Fun recreation center on Thorngate drive, Chouteau.

BIRTHS

Births recorded at St. Elizabeth Hospital:

GIRLS
Mr. and Mrs. Alan Gasparovic, 2501 East 28th street, Jan. 3, Christine Noel, 8 pounds 13 ounces.

BOYS
Mr. and Mrs. Darrell Jarman, 441 Lake drive, Jan. 12, David Gene, 7 pounds.
Mr. and Mrs. John Wideman, 4901 Carl drive, Jan. 3, 8 pounds 4 ounces.
Mr. and Mrs. Albert Gargach, St. Louis, Jan. 3, Stephen Wayne, 6 pounds 7 ounces.

'Curly' Harris To Quit Office After 32 Years

Lloyd "Curly" Harris, Granite City Democrat now completing his 32nd year as a state representative in the Illinois General Assembly, does not plan to seek re-election in the 1968 general election, he told the Press-Record yesterday.

Rep. Harris said his recent illness and the fact that "I've spent quite a few years in office," resulted in his decision not to file as a candidate again this year.

He said that the veteran legislator would not seek office this year had been current in Quad-City political circles during the past week.

Asked about such reports, Rep. Harris said that "up until now it hasn't been official, but I'm sure it will be soon."

LOYD 'CURLY' HARRIS
Won't Run Again

If you want to say something about it in the paper go ahead," he said he had given the matter considerable thought and decided, "the time has to come when all of us must step out."

Elected in 1934
Rep. Harris was elected state representative from this area in 1934. He served two terms of two years each. He did not seek re-election the following term (1938-40) but was elected again in 1940. He has been re-elected since 14 consecutive two-year terms without interruption.

He has held many key chairmanships on Illinois legislative committees and has been responsible for much progress legislation of particular benefit to the Quad-City area.

He lives at 3233 Aubrey avenue and is a member of St. Bartholomew's Episcopal Church, the American Legion, Veterans of Foreign Wars and World War I Veterans posts.

Rep. Harris was educated in Granite City public schools and formerly was a member of the Granite City council for one term.

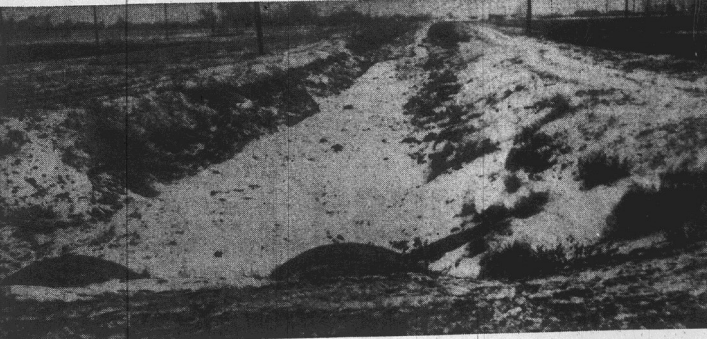

He is married, has two marsons sons and five grandchildren.

3 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

Traffic accidents in the Quad-City area during 1967 were substantially below the accident ratio of the previous year but the number of persons injured approached closely the injury total of 1966, a compilation of statistics showed today.

Most outstanding contrast in the 1967 accident rate was in the number of fatalities—27 per cent below the 1966 rate, as compared with the total of 39 traffic deaths occurring in 1966. A total of 2130 mishaps were reported throughout the area during the 12 months of 1967, a decline of 187 below the 2340 occurring throughout 1966, according to statistics compiled by the Press-Record.

During the year, however, 1366 persons were injured in those crashes, only 9 less than the 1375 hurt in the larger number of 1966 accidents, indicating a larger number of multiple in-

LEVEE DISTRICT'S Nameoki drainage channel looking toward Horseshoe Lake from a point near Victory drive where Granite City seeks to discharge stormwater drainage into the channel through its proposed new sewer system. The levee district, claims additional drainage would flood the area in heavy rains.

Man, 54; Four Youths Arrested For Area Crimes

A shoplifter suspect and four youths were arrested in connection with area crimes as nine cases of theft were reported this week to Quad-City and county authorities.

A charge of petty larceny was filed by Venice police last night against Curtis Betts, 54, Brooklyn, who was arrested at 7:20 p.m. as he left Tri-City Grocery at Fourth street and Broadway. Police said Betts was accused of shoplifting a package of cigars and several rolls of pork sausage, items which officers said they found in his clothing as he left the store. Betts posted \$50 cash bail pending a magistrate hearing.

Four young boys were arrested after Ronald Easley, 2812 National avenue, reported to 10.

(Continued on Page 7, Col. 4)

9 Undergo Surgery At Local Hospital

Nine persons have undergone surgery at St. Elizabeth Hospital this week.

They are William Paterson, 1613 Venice avenue; Barbara Landis, 3023 Dale avenue; Ann Janulovich, 127 Lemox avenue; Randall Ellis, 726 Twenty-sixth place; Justina Staydhar, 2057 Thirteenth street.

Eileen Nash, 2850 Edgewood drive; Harold Broyles, 1232 Oriole street; Sharon Dutton, 5149 Lakeview drive; Gary Golden, Maryville road.

Husband of Granite Cityan Missing in Vietnam Action

Navy Lt. (jg) Roger B. Innes, 23, husband of the former Miss Sandra Noeth of Granite City, was reported missing in action in Vietnam on Wednesday, Dec. 27, according to word received from U. S. Navy authorities.

The young Navy flier, whose parents are Mr. and Mrs. Robert B. Innes of Chicago, arrived in Vietnam just five days earlier. His wife is the daughter of Washington school principal Fred Noeth and Mrs. Noeth of 40 Terrace lane.

Mrs. Innes presently is residing here with her parents while her husband is overseas. The couple was married in August 1966.

Lt. Innes was graduated in June 1965 from Culver Stockton College at Canton, Mo., and entered the U. S. Navy Air Force in October of the same year. His wife, a 1964 graduate of Granite City high school, attended the same college.

Mrs. Innes was notified in person by Lt. (jg) K. R. Kerckhoff, from the U. S. Navy office in St. Louis.

jury accidents during 1967. 249 December Mishaps
A total of 249 accidents was reported in the area during December, the largest number of fatal traffic mishaps in May since 1964.

Hillmer is Appointed To Tri-City Port Board

The appointment of Harold E. Hillmer as a member of the Tri-City Regional Board Authority board was announced at Tuesday night's meeting of the Granite City council by Mayor Partney and was confirmed by the aldermen.

Hillmer, who lives at 2660 Cleveland blvd., is administrative assistant to the vice-president of operations at the Laclede Steel Co. Alton plant, and replaces the mayor's son, Donald Partney Jr., on the port board.

Partney Jr., who was project engineer at the Union Starch & Refining Co. plant of Miles Laboratories, left yesterday to accept the post of chief engineer for Kingston Co., that operates six plants throughout the country and is headquartered at Louisville, Ky., where Partney is assigned. The firm manufactures charcoal products.

Hillmer, who has been with Laclede Steel since 1954, joining the industrial engineering department at the Madison plant, also is deputy city liquor commissioner. Mayor Partney said he will be replaced in that city post.

Hillmer's term on the port board will expire next June. Other commissioners for the port are Harold R. Fischer, Henry De Karandjef, Joseph Galt, William Harris, Walter Simmons and John Belloff.

HAROLD HILLMER
New Commissioner

Consolidation of all Venice elementary and high school classes at the Venice school buildings on Broadway, permitting conversion of Lincoln grade school into a state-financed vocational - technical training center, will be effected on Monday, Jan. 22.

The decision to centralize classes by the start of the spring semester, despite recent completion of a nine-classroom addition at the Venice school, was made by Venice school board members at their regular meeting Tuesday evening.

Board President Michael E. Leatherman Jr. said, "We intend to fully integrate the schools by the date we agreed upon in October — although to accomplish this, it will be necessary to locate certain grades in makeshift classrooms at the outset."

He stressed the proposed classroom arrangement will be on a temporary basis only, with students relocated as soon as possible to conform to the original proposal.

Meet Scheduled Date
"Several changes in assigned classroom space will be necessary to permit reassignment of

Levee District Delays Drainage Permit for GC

GC Drainage Bond Issue Bid Opening Set for Feb. 19

In a busy session Tuesday evening, attended by 12 of the 16 aldermen, Granite City council members set Feb. 19 for the opening of bids for sale of the \$1,900,000 storm water drainage system bond issue authorized in a special vote last June.

Also approved was the ordinance authorizing the issuance of the 19-year general obligation bond issue with a 5½% interest maximum, and the levying of a tax for bond redemption.

Bids for the bond issue are to be opened at 7 p.m. on Feb. 19. When the bid call resolution was placed on first reading last week, a Feb. 26 date was suggested by Bond Atty. Horace Calvo, who gave ample time to the Feb. 19 date recommended by Alderman Bartosiak, chairman of the Special Sewer committee.

Bartosiak said the construction plans for the storm water sewer lines, designed to separate drainage from sanitary sewers in older sections of the city, should clear the Housing and Urban Development agency by that time. The federal government is providing a grant of \$1,400,000 for the system.

Sanitary Sewer Project
The other \$500,000 of the grant is to go for sanitary sewers in scattered sections of the city. Written approval of the contract with General Contracting Co. on its low bid of \$192,904 for the project is expected any day. The city's share of the cost is being financed with a \$150,000 revenue bond issue sold two weeks ago to the First Granite City National Bank.

The only dissenting vote Tuesday night on the general obligation bond issue actions was by Alderman Fry. The alderman absent were Dallas and Lawrence Tolar, president of the levee board who said he understood action on the request was urgent because the city required such permission before a bond issue could be sold, told the regular meeting.

"I don't want to interfere with Granite City's bond issue or its plans to build new sewers, but neither do I want the responsibility for a flood," with me the interests of the levee district come first."

Would Double Peak Flow
The five-man levee district board based its delaying action on a lengthy and detailed report by Horner & Shiffrin, Inc., consulting engineers who held that the discharge of stormwater drainage from Granite City areas into the Nameoki drainage channel would double the peak water capacity for which the channel was designed. As a result, said the report, the area which the ditch originally was intended to drain would be flooded in periods of peak water flow.

The report was submitted to the board by Adair Kraemer, chief levee district engineer, who said he didn't receive a letter from Granite City requesting the permit until "the day after Christmas," and that the city requested action by the board not later than yesterday, the same date as the levee board meeting.

On the basis of the Horner & Shiffrin report, Kraemer said "I can't conscientiously recommend the granting of the permit."

Arrangement for the special meeting with Granite City officials was made after a telephone call to Mayor Donald Partney to establish a convenient date for the session.

Mayor Has Approval
A short time later Mayor Partney told the Press-Record that the outcome of the levee board session "doesn't have any effect at all in fact," he said, "the levee district gave us approval to drain into

Engineers Claim More Stormwater in Nameoki Ditch Would Flood Area

The East Side Levee and Sanitary district delayed action yesterday on a request by Granite City for permission to discharge stormwater drainage through its proposed new sewer system into the levee district's Nameoki area storm water drainage.

Instead of granting the plea, levee board members maintained Granite City use of the Nameoki drainage ditch would constitute a severe flood threat unless the ditch were extensively enlarged and paved with concrete—a costly job for which the levee district officials said there are no funds.

They set Jan. 18 as the date of a special meeting with Granite City officials and engineers to discuss the city's request. The meeting will be held at 10 a.m. in the levee district offices. Board members noted that a notice of at least ten days for such a meeting was necessary.

Lawrence Tolar, president of the levee board who said he understood action on the request was urgent because the city required such permission before a bond issue could be sold, told the regular meeting.

"I don't want to interfere with Granite City's bond issue or its plans to build new sewers, but neither do I want the responsibility for a flood," with me the interests of the levee district come first."

The report was submitted to the board by Adair Kraemer, chief levee district engineer, who said he didn't receive a letter from Granite City requesting the permit until "the day after Christmas," and that the city requested action by the board not later than yesterday, the same date as the levee board meeting.

Jaycees Seek Nominations For Annual DSA Honors

Nomination of candidates for the Granite City Jaycees' 1967 Distinguished Service Award and Outstanding Young Educator Award are currently being accepted by the local young men's service group, it was announced today by Ronald Pennell, Jaycee project chairman.

The awards, conferred annually on exceptional young men in the community, will be presented at the Jaycees' DSA-OVE and "Bosses' Night" banquet, Wednesday, Jan. 24, at the Rose Bowl restaurant.

Announcement of the winners will highlight "Jaycee Week," which ends Saturday, Jan. 27. Also to be presented at the eighth annual banquet is a special award honoring the "Jaycee Boss of the Year."

To be eligible for the DSA honor, candidates must be young men 35 years of age or younger. Qualifications of participants will be judged by a special committee of local citizens who are now over the age of 35 years.

Nominees need not be member of the Jaycee organization, Pennell stressed, adding that all nominations must be received by the Jaycee DSA Committee within the next two weeks.

Nomination blanks may be obtained from any Jaycee (Continued on Page 8, Col. 5)

BOY SCOUT HEADQUARTERS adjacent to Venice grade school on Broadway which will be used as a temporary classroom for the district's educable mentally handicapped students until a new nine-room addition is completed. Discussing relocation of students that will coincide with transfer of all Lincoln pupils to the Venice school on Jan. 22, are Robert N. Vickers, assistant school superintendent (left), and School Board President Michael Leatherman. (Additional picture on page 5.)

City to Seek Superintendent, Engineer for Sewage Plant

Authorization was given for applications to be sought for two positions at Granite City's sewage treatment plant—plant superintendent and for a part-time consulting engineer.

Alderman Moerlein, chairman of the Sewage Treatment Plant committee, made the requests during Tuesday night's council session when he was advised that the mayor had terminated the contract of John Hildebrand, plant superintendent, as of Jan. 15 for reason of insubordination. The city council had issued an order for Hildebrand to move to Granite City from East St. Louis in October with a 30-day provision.

The treatment plant committee chairman told the council that he is considering turning in his resignation as chairman because of "back door" activities. He refused to give any further detail, but said he would make a written report at the proper time.

Moerlein pointed out that Hildebrand had done an exceptional job in getting the treatment plant started for the city during the summer of 1966 and had carried out its operation efficiently and economically.

Pay Boost Denied
He noted that when the city council approved \$25 monthly pay increase for the 10 treatment plant employees on Dec. 18 they excluded the superintendent.

"He's entitled to the increase even though he's leaving. That man has done valuable things for the city in starting up the plant. He reduced the estimated chemical costs by two-thirds."

Moerlein called for a resolution to be prepared to give the superintendent the \$25 increase retroactive to his first year anniversary date—the same as for other plant employees—and his motion was approved by a 7-4 vote. The resolution is to be prepared and presented for adoption at the next council session.

Tricks for Greater Increases
Earlier in the 2 1/2-hour session, when the ordinance granting a month increase to the 10 sewage treatment plant employees was presented for adoption, Alderman Bartosiak presented an amendment to make the increase \$62.50 a month instead of \$25. He said in his opinion, the treatment plant workers were as important to the city as street department workers and should be paid the same scale. With the \$62.50 increase the scales would be equal.

In a 20-minute debate prior to defeat of the amendment, Bartosiak proclaimed that Granite City was noted for paying

"living wages to employees. How can a treatment plant worker afford to send children to college on the present scale?" he asked.

Chairman Moerlein answered that the workers were well aware of the scales when they accepted the jobs, and that his \$62.50-a-month increase proposed for each of the 10 workers would put the plant operation over its budget.

Keep Fee at 80 Cents
"We can't levy taxes for this," we'd have to increase the 90-cent monthly service charge for everybody in the city. I represent the taxpayers and I won't go for anything that might increase that 90-cent charge.

Our treatment plant employees are paid as well as any others in the state," Moerlein added.

With the \$25 monthly increase, the scales at the plant range from \$325 to \$625 a month.

Alderman Green said he admired Bartosiak's point of view, noted that the business agent for the Operating Engineers Union representing the workers and the council committee had indicated satisfaction with the \$25 amount.

It also was brought out that the agreement lasts only until the end of April and then negotiations with all city employees will be opened.

Bartosiak recalled that several years ago he was on the council's agreement negotiating committee and when a recommendation was made that Nonn proposed a higher amount than was agreed upon by the city and union representatives, it passed. "I've always voted for pay increases," Nonn commented, adding, "and we had the money then."

Nonn "Passes"
When the vote on Bartosiak's motion was taken, Nonn declined to vote. Voting for the \$62.50 amendment were Bartosiak and Robertson. Opposed were Moerlein, Whitmer, Poulos, Green, Rutledge, Fry, Jarrett, Davies and Johnson.

The council then went on to approve the ordinance granting the \$25 increase.

In calling for a consulting engineer for the treatment plant, Moerlein told council members the services are required under the bond ordinance and, that engineering is needed on a part-time basis. He said there now are two pumps out of service at the plant because there is a larger amount of grit in the sewage than had been anticipated and bearings have been damaged.

Mayor Partney said the city could continue to use the services of the design engineer as a consultant.

Moerlein said that the city with services of a consulting engineer possibly could institute a \$300-a-month savings on water consumption at the treatment plant.

GC Concerned Over HUD Ruling For U. S. Funds

Mayor Partney was asked by the council Tuesday night to arrange for a local meeting with an official of the U. S. Housing and Urban Development agency to get proper information on city requirements to qualify for grants of federal tax funds.

The mayor said he had been advised that for the city to develop an adequate workable plan, a full-time building inspector would be needed who would make house-to-house inspections, year-round, by districts.

"There's some problem and also a misunderstanding, since there's a state law that doesn't permit such inspections. We do have a building inspector who handles new construction structures involved in condemnation proceedings, and it is possible the number of inspections we make each year may qualify us for a workable plan," he told the council.

The city also has part-time heating and electrical inspectors. It was noted that the city might be required to obtain search warrants to carry out a regular inspection program. City Atty. Allen said that if it became necessary, the city could go into a regular routine to obtain such warrants.

Ice Skating Institute Tests Planned at Rink

A series of ice skating tests established by the Ice Skating Institute of America, of which the Granite City park district is a member, will be initiated at the Wilson Park ice skating rink, starting next Wednesday, Harold Brown, park superintendent, announced yesterday.

The tests are conducted to qualify skaters for various degrees of skill, starting with the simpler fundamentals and advancing through a total of 27 different tests, to highly skilled performances by couples.

First test to be administered is known as the Alpha test, requiring performance of forward stroking without toe picking; the forward crossover (right foot over left); the backward crossover (left foot over right); and the one-foot snowplow stop which requires a complete stop in good balance using either the left or right foot in the skidding or stopping action.

Announces Test Schedule

Brown said the schedule of Alpha tests will include: Housewives, Jan. 10 from 9 to 11 a.m.; students of grades 1, 2, 3 and 4, Jan. 16 from 1:30 to 3 p.m.; students of grades 5, 6, 7, 8 and 9, Jan. 17 from 5:30 to 8 p.m.; and for students of grades 10, 11 and 12, Jan. 18 from 5:30 to 8 p.m. Only cost to take the tests, which will be administered by rink instructors, will be the regular admission fee.

Those who pass the test, however, will be asked to pay a 90-cent fee for a card certifying their qualification, and a patch designating them as Alpha skaters.

Reject Water Franchise

In other major action Tuesday night, the council rejected a 30-year franchise ordinance between the city and the East St. Louis & Interurban Water Co.

The ordinance failed to reach first reading after a 35-minute debate that centered mainly on the council procedures and the city's demands for added monetary benefits including retroactive payment for the 16-year period in which there was no franchise.

Arguments developed over who ordered preparation of the franchise ordinance, the 6-to-6 vote over reading it and whether the committee should renegotiate with the aid of the Illinois Commerce Commission.

Leading the attack on the franchise was Alderman Nomm, chairman of the ordinance committee, who said he knew nothing in advance of its presentation and would not submit it to the council. "They're giving us nothing that they wouldn't have to," Nomm commented, adding that he had negotiated a better franchise 16 years ago that was turned down by the council.

Nomm also noted there were no provisions in the franchise for fluoridation and added he thought the company should pay the city for the 16 years that it operated here without a franchise.

Reviewed by Attorney

Alderman Fry, chairman of the Fire and Water committee, pointed out the franchise ordinance had been reviewed by the city attorney before it was put on the meeting agenda. He added that the recent ordinance to amend the air pollution con-

trol ordinance had been submitted without advance knowledge of the council. "Maybe the water company should have called upon each alderman. Perhaps that is the proper procedure," he added.

With Nomm's refusal to present it, Fry called for the ordinance to be read. The vote was 6-to-6, and a debate followed with protests by Nomm as Mayor or Parmley voted for the reading. The ruling by City Atty. Allen was that with the mayor's "aye" vote, the motion passed.

Rutledge interrupted at this point to say that with the 6-to-6 vote, it would be a waste of time to read the ordinance. He suggested the committee get together again with the water company.

However, Nomm then insisted it be read, and he and Alderman Poulos took turns reading the 10-page franchise.

Breakdown of Vote

In the 6-to-6 vote, Aldermen Moerlein, Poulos, Green, Rutledge, Fry and Jarrett voted for first reading. Opposed were Bartoski, Whitmer, Nomm, Robertson, Dawes and Johnson.

Under the proposal, which was reviewed several weeks ago after each alderman had been given copies over a week in advance, the water company offered the city 1,350,000 gallons of water each year without charge, a 10% reduction in fire hydrant rental charges, free installation of a water line across the Army Depot to the sewage treatment plant at a savings of \$26,000 cost to the city; installation of five hydrants without charge the first year and three each other year with a maximum footage of 500 feet of line, along with expansion of several water lines and replacement of outmoded fire hydrants.

With the failure of the franchise to reach first reading, Nomm commented, "That's dead now."

Habit-Forming

Weeds in the mind are like weeds in the garden—easiest to eliminate if caught young.

Wolfe Expected to Return Home This Weekend

M. Freeman Wolfe, 2124 Richmond avenue, is still a patient at Barnes Hospital in St. Louis, where he is undergoing tests.

Wolfe, who is president of M. H. Wolfe & Co. and a director of American National bank, is expected to return to his home over the weekend, his family reported today.

Two Trucks Collide

A tractor-trailer truck driven by Leonard H. Collins of St. Louis and a camper truck driven by George Hammett of St. Peters, Mo., were damaged in a collision at Third street and Madison avenue, Madison, at 2:25 p.m. Tuesday. Police reported both were headed north on Madison avenue when Hammett's vehicle struck the rear of Collins truck.

Venice Crippled Children's Dance Jan. 20

The annual dance staged by the Venice Crippled Children's Organization to raise benefit funds will be held this year on Jan. 20 in the Post 307 American Legion Home at Venice, it was announced yesterday by

Denies Weapons Charge

Lindell D. Cowan, 31, of 2430 Lincoln avenue, who was arrested Christmas night on a charge of unlawful use of a weapon, a .25-caliber Browning automatic pistol, yesterday denied that he had a gun at the time or threatened anyone, as had been reported. The charge remains on file at the Granite City police station and court and a jury trial is pending.

Dr. John E. Lee, president of the organization.

The "roadblock" drive in which volunteer Legion members and Venice firmmen solicit crippled children contributions from motorists stopping on Broadway at Fourth street in Venice will be held on the same day. The workers will start the drive at 10 a.m. and continue it well into the afternoon.

An orchestra will provide music for the dancing. Tickets already are on sale and cost \$1 per person.

William "Mike" Ebersold, vice-president of the Venice group said the organization already had allotted \$700 to the Shriners Crippled Children's Hospital and \$400 to the Madison County Polo Foundation, to be financed out of proceeds of the annual Crippled Children's

Ball. The organization also will pay for equipment it has furnished to the Quad-Cities Specialized Services at 2007 Madison avenue.

The Venice organization will mark its 30th year with this year's program. Proceeds from its benefit program in excess of outright contributions are used throughout the year to finance care of special cases that come to the organization's attention. Lorraine Morris is secretary of the organization and William Oldendorf II is treasurer.

The dance, along with contributions from motorists and proceeds of the dance program usually net the organization from \$3500 to \$4000.

City May Hire Out-of-Town Lawyer for 10 Pending Cases

Mayor Partney was authorized by the city council Tuesday night to go outside the city to hire an assistant city attorney to handle the 10 to 12 lawsuits pending against the city and scheduled for trial early this year.

Granite City PRESS-RECORD
Page 4 Thurs., Jan. 4, 1968

cases, and this could prove disastrous to the city," the mayor said, saying his only alternative is to go outside Granite City to seek the legal aid.

"We're in a real spot. I haven't been able to find any lawyer here to handle the

council. The budgeted pay for an assistant city attorney is \$400 a month.

City Atty. Allen said the council possibly could make a per diem arrangement, but that it could prove costly.

Partney added that he was able to get postponement of one suit scheduled by the circuit court this week, but that he did not know how many other cases he could delay.

The suits, in which claims against the city total over \$100,000, include accidents due to faulty traffic lights and a missing stop sign, falls on sidewalks and water damage to homes caused by a broken water line that is believed to have resulted when a sewer line collapsed.

Wallace Murder Trial Continued to Monday

The Shelby Wallace murder trial was continued until Monday in Madison county circuit court at Edwardsville this week. Motions in the case are to be heard Friday afternoon. Wallace, 29, of Granite City, is charged with the fatal shooting of Terry J. Thweatt Jr. 17 of Granite City, last Oct. 1 outside the Full Moon tavern on Route 111.

The case had headed the docket for the criminal trial setting which opened this week. Cases of eight other defendants charged in area crimes are pending.

Recitation of

WEATHER DELAYED construction of a nine-classroom addition at Venice school on Broadway is evident in this photo taken yesterday. Consolidation of all Venice students in the Broadway school complex will go ahead as planned on Monday, Jan. 22, with temporary classroom space allocated in the high school and adjacent Post 307 Boy Scout facility.

MORE ABOUT

Venice

Lincoln pupils to take place on the scheduled site, thereby housing all students in the Venice school district in the same building complex. Leatherman told the Press-Record.

Changes planned by the board as a temporary measure to transfer of two eighth grade classes into the connected high school building, with one group occupying a classroom presently assigned to the school nurse and the second class in an area now used for health instruction.

Presently, there are 27 eighth grade students at the Venice school and 16 eighth graders at Lincoln school.

First, Second Grades announced by the school board as necessary to effect the changeover on schedule include accommodation of first and second grade pupils in the high school chorus room and gymnasium area.

Largest enrollments at the Venice grade school level are in the first grade, with a combined total of 71 pupils; second

the Rosary 8 p.m. Friday. Friends may call after 7 p.m. today, Jan. 4.

grade, 73 students; and fourth grade, 70 pupils.

Leatherman said the possibility exists that some classes may be temporarily housed in other buildings near the Broadway school. But he declined to discuss proposed locations until officials can be contacted and agreements reached.

"It was necessary to revise our plans and shift classes around to less suitable space when it became apparent the contractor could not complete the additional rooms this month," the board president explained.

Weather Factor

He noted also that the contractor is unable to estimate a completion date at present due to unfavorable weather. "I believe most residents will realize that a certain amount of fine weather is essential for outside construction," he commented.

Leatherman said state school officials are anxious to start a full-time schedule of vocational classes early next month at Lincoln school.

"To delay moving Lincoln students to the Venice school also would prohibit state school authorities assuming the burden of operational and other expenses connected with Lincoln school, resulting in these costs remaining with the Venice school district," he related.

Lower operating costs. "It has been estimated there would be a \$50,000 annual saving in utility and custodial costs when the school district no longer operates Lincoln.

Redistricting of Venice students was prompted by the U.S. Department of Justice, whose representatives conferred with Venice school officials last summer.

Initially, federal attorneys requested development of a redistricting plan in time for the start of the 1967-68 school year, but they later amended the request to Oct. 20.

Frank Shifter Jr., 30, Dies; Ill Two Years

Frank A. Shifter Jr., 30, of 5213 Villa Maura court, Hazelwood, Mo., a life-long resident of Madison until four years ago, died at 11 p.m. yesterday at St. Luke's Hospital in St. Louis. He had been ill with a brain tumor for two years and was admitted at the hospital just 3½ hours before his death.

Born in Granite City, Mr. Shifter was reared in Madison and attended local schools. He had been employed for five years as a programmer at McDonnell-Douglas Aircraft Corp., St. Louis county. He was a member of the First Christian Church of Hazelwood.

Survivors include his wife, Mrs. Joyce A. (Makinson) Shifter, formerly of Council Bluffs, Iowa; two children, Mark F. Shifter, five years, and Suzanne Marie Shifter, three years; his parents, Mr. and Mrs. Frank A. Shifter sr., 1700 Sixth street, Madison; a sister, Mrs. William (Maryann) Heth of Florissant, Mo.; and his mother-in-law, Mrs. Mildred Makinson of Council Bluffs.

Funeral arrangements are given in today's obituary column.

The most successful antidote for hard luck is hard work.

Granite City PRESS-RECORD

19TH & STATE GRANITE CITY

Assignments Soon to GC Regional Competition

If local teams perform well in post-season basketball tournament play sponsored by the Illinois High School Association, the attention of Quad-City fans will focus on competition in Granite City, East St. Louis and Charleston.

Regionals to be held March 4-5 at GCIS, Belleville, Alton, Carlinville and Vandalia will see surviving teams from the East St. Louis sectional meet March 13-15.

Sectional winners at East St. Louis and Bridgeport (St. Anthony of Effingham, Newton, Paris and Tuscola) regions will collide in the super-sectional game March 19 at Charleston.

Other first-round state tournament games played simultaneously with the Charleston game.

Granite City PRESS-RECORD
Page 6 Thurs., Jan. 4, 1968

test will be staged at Carbonate, DeKalb, Evanston, Hinsdale, Macomb, Normal and Peoria.

Those victors will move on to the "elite eight" tournament March 22-23 at the University of Illinois, Champaign.

For the first time, the Granite City regional will not include a district tournament champion. Forty-two district meets will open Feb. 26, a week before the 60 regional events.

With the four-team sectionals producing 15 winners, these and the Chicago representative will form the "sweet 16" assigned to the eight super-sectionals.

The task of assigning 711 high schools to district and regional tournaments is in progress, and assignments may be announced about Jan. 12.

Venue, once the site of a district meet, may begin play at the regional level this year.

AN SIU-SW FIRST. Basketball Coach Harry Galatin poses with two of his players holding their place trophy the Cougars received in the McKendree College invitational tournament. Displaying the prize are team captain Dennis Noble (left) of Collinsville and guard Tom Dahncke (right) of Oakdale. It is the first intercollegiate athletic trophy to be won by the Southwestern campus.

Cougars Preparing to Resume Cage Campaign

Southern Illinois University's Southwestern campus Cougars will meet Parks College of Cahokia next Monday night in their second home game of the season.

The Cougars (2-3) will be trying for two in a row as they pit themselves against the Flyers in their last outing Dec. 20 against Sanford-Brown of St. Louis and came away from the McKendree invitational tournament with a third-place trophy.

Their position Monday, like SIU-SW, is another newcomer in the intercollegiate basketball ranks, having organized early this season. The Flyers won all of their pre-season games, but have managed only one victory during regular play while losing three. They were beaten by McKendree College twice and once by Sanford-Brown.

SIU owns both victories over Sanford-Brown but sustained early drubbings by Missouri University of St. Louis and Central Methodist College in the Concordia Seminary tournament at Eureka College of Eureka, Ill., but by a respectable 77-74 score.

Now, it's back to the school books for the student athletes and back to the basketball courts for the former season's champions this weekend.

Major interest is being attached to the annual Warrior-Trojan pairing, which sends Granite City to the Madison

Tourney Titlists Go Back to Regular Play; GC at Madison

It has long been a theory that not only is Illinois the hottest of midwestern U. S. high school basketball, but that southwestern Illinois offers tougher competition than most other sections of the state.

While Granite City, Collinsville and other schools in this vicinity have captured their share or more than their share of state titles, the record might be even more impressive had not so many strong teams been played in the same regional or sectional. This had the effect of killing off all but one local powerhouse in most years long before the state tournament level.

Insufficient recognition of southwestern Illinois basketball strength continues, with all of the squads having only one rather than two routes to Champaign in most post-season tournament schedules.

Did We Over Holidays But this region's teams have found another way to display their prowess, in holiday and other invitational tournaments, and that's just what they did during recent days.

Christmas-New Year's tournament champions included Madison at Breese Mater Dei, Venice at O'Fallon-Freiburg and Collinsville at Carbonate. Livingston won at Worden, while Edwardsville lost the Central tournament finale to Decatur, where Belleville West placed fourth.

Now, it's back to the school books for the student athletes and back to the basketball courts for the former season's champions this weekend.

Major interest is being attached to the annual Warrior-Trojan pairing, which sends Granite City to the Madison

high school hardwood tomorrow night.

Venue will host Breese Friday night and then entertain Freiburg Saturday night.

Madison is still unbeaten after nine games, two of them in the Midwest Conference. The undefeated is Collinsville, 12-0.

Venue has a 7-2 mark, including 2-2 in the Madison-Clinch-Macopin Counties Conference.

Granite City is a 2-6 overall and 1-3 in the Southwestern Conference but impressed spectators at the Pontiac holiday meet. At Pontiac, the Warriors bowed 55-54 to high-ranking Waukegan and 68-46 in overtime to Springfield.

Rankings Shaken Up Waukegan, tenth-rated in Illinois at the time, has since dropped out of the top rankings, as have six other schools beaten in holiday meets. Collinsville is No. 2 to front-running Galesburg, while Alton (6-2) is seventh in the state. Vote-getters this week include Madison, Edwardsville and Belleville West.

Collinsville, 78-73 conqueror of Alton in the championship game at Carbonate, will play at Alton Friday night.

Other games tomorrow include Belleville West at East St. Louis, Mater Dei at Cahokia, Dupu at Triad, Highland at Vandalia, Roxana at Jerseyville, Augustinian at Belleville Althoff, Assumption at Alton Marquette, Lebanon at O'Fallon, Mascoutah at Belleville East, Worden at Aviston, Highland St. Paul at Bunker Hill, Trenton-New Baden Westcliff at Odell, Alton Western Military Academy at St. Louis Lutheran South and East St. Louis Lincoln at Brooklyn Lovejoy.

Saturday games send Mater Dei to Alton, Roxana to Cahokia, Althoff to Assumption, Marquette to St. Louis U. high school and Belleville East to Nokomis.

Don't think you're having such a hard time—suppose you were a New Year's resolution?

SIU-SW Plans Course In Special Education

A course emphasizing the practical aspects of setting up, administering and supervising special education programs is being offered during the winter quarter at Southern Illinois University—Southwestern Campus. The quarter opened Tuesday. Aaron Gray, director of special education, Belleville Area Special Education District, will teach the four-hour graduate course, entitled Special Education 313. President of the Illinois Administrators of Special Education and a member of a number of state-wide committees concerned with exceptional children, Gray has completed 14 years in public school special education, more than 10 of them in supervision and administration. He received his master's degree from the University of Illinois in special education and also holds a specialist's degree in that field from Illinois.

Census Bureau to Seek Job Tenure Information

During the week of Jan. 15, the Bureau of the Census will obtain information from working people in this area on the length of time they have been on their current jobs, according to Director Theodore F. Olson of the bureau's regional office in Chicago. This job tenure information is being obtained for the U. S. Department of Labor's bureau of labor statistics. The question will be asked in addition to the regular monthly inquiries on employment and unemployment included every month in the bureau's Current Population Survey. The information will be collected from scientifically selected sample households in the area as well as in 46 other areas throughout the Nation.

Local Chaplain Will Speak Here on Vietnam

A local Army chaplain just back from service in Vietnam, Capt. John Salway, will report on Vietnam at the 9 a.m. and 10:20 a.m. services Sunday at St. John's United Church of Christ. It was announced today. Capt. Salway has been cited for heroism in aiding wounded.

MORE ABOUT Man, 54

p.m. Wednesday that his 1963 station wagon was stolen from 1 1/2 home. It was recovered by the owner at 2018 Sunbury avenue.

Margaret Barzoff, 2130 Cleveland blvd., reported at 10:35 a.m. Wednesday that a coin collection valued at \$125 was stolen from her home between Sept. 1 and Nov. 18. Also taken was a mink scarf.

A 1967 auto reported stolen at 9:45 p.m. Tuesday from E. W. Fisher, 302 Broadway, Venice, while it was parked on 20th street, was found at 10:15 p.m. by police on the parking lot at the Labor Temple.

Ralph Pizra, 1634 Sycamore street, reported at 10:30 p.m. Wednesday that during the previous 24 hours someone stole a set of scuba tanks, harness and regulator valued at \$150 plus a set of golf clubs from the trunk of his 1966 auto.

Three tube caddies containing television and radio tubes and tools were stolen from the auto of John Hordensky, 2017 Wayne avenue, while it was parked at 2401 Edwards street, he reported at 11:50 p.m. Tuesday. Two youngsters were seen carrying the loot down an alley. William Kee, 2228 Ohio avenue, reported Tuesday that his wrist watch valued at \$60 was stolen from his locker at Prather junior high school last Dec. 20.

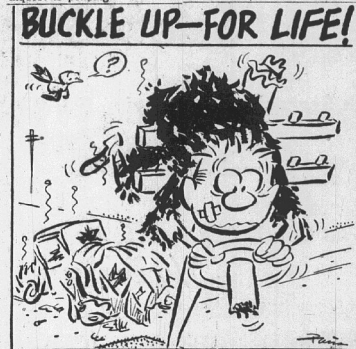

A new 15-inch snow tire and wheel were stolen from the 1957 Jeep of Virgil Travis, 2145 Edison avenue, while it was parked at his home during the night, he reported at 1:40 p.m. Wednesday.

Billie Lee Carnes Found Dead in Garage

A retired employee of Terminal Railroad Association in St. Louis, Mr. Carnes had been disabled some time ago in a mishap at work. Among the survivors are his wife, Mrs. Gloria (Gohen) Carnes; two sons, William Thomas and James Edward Carnes; and two daughters, Brenda Sue and Gloria Jean Carnes. Funeral arrangements are pending at Sedack Funeral Home, 615 Madison avenue, Madison.

Mr. Carnes was discovered by neighbors, Mrs. Opal Nugent and Howard C. Schoellman, who summoned Madison police, Madison County Deputy Coroner John Sedack pronounced Mr. Carnes dead. An inquest is pending.

Tolar Renamed President of Levee Board

Lawrence Tolar, president of the East Side Levee and Sanitary district since 1961, was re-elected to the post without opposition yesterday in the annual meeting of levee board trustees. Tolar later announced reappointment of all district officials, including Chief Clerk Ben Campbell, District Engineer Ad-wir Kraemer, Treasurer Thomas Staicoff, and John Sprague of Belleville and Harry Hartman of Venice as board attorneys. Tolar said all board committee would remain unchanged.

There was no effort to unseat Tolar as there was last year when William "Mike" Ebersoldt of Venice, one of two Madison county board members, sought the presidency on the promise of George Duff of East St. Louis that he would support Ebersoldt. Duff made a last-minute switch, however, and voted for Tolar in the 1967 reorganization.

Elected in 1961

At that time, Tolar announced to newsmen that it was the last time he would seek the chairmanship. Tolar was first elected chairman in January 1961, succeeding Dan Costello, former state representative and now sheriff of St. Clair county.

The reorganization meeting was only a matter of minutes and a matter of routine. Chief Clerk Ben Campbell was nominated as temporary chairman. Morris Campbell, East St. Louis trustee, nominated Tolar as president and Duff gave the motion a second. Duff then moved that nominations be closed, seconded by Morris Campbell. Ebersoldt and Joseph Grant of Granite City, the other Madison county board member, voted yes for Tolar's re-election.

In regular business that followed, the board delayed granting an easement to the Illinois Power Co. for construction of a transmission line across a section of levee district property just north of Mitchell.

Kraemer told the board the company would pay \$1200 for the easement which would involve approximately two acres of ground contained in a diagonal strip extending through a

GC Redistricting Committee To Hold 1st Meeting Monday

A meeting of the special committee of the Granite City council for redistricting the city for seven wards is being called for 7:30 p.m. next Monday in the mayor's conference room of the city hall.

Next Monday is an off-night for the council, and the special committee chairman, Alderman Paul Rutledge, requested that the members meet for the initial session to go over maps

and population breakdowns. Serving on the committee, which was created late last year, are the eight aldermen whose terms expire in 1969—William Dallas of the First Ward, Edmund Bartosik of the Second, Roy Poole of the Third, Rutledge of the Fourth, Steve Basarich of the Fifth, Richard Fry of the Sixth, R. E. Robertson of the Seventh and Ford Johnson of the Eighth.

"proposed industrial arek" near Mitchell.

Ebersoldt objected that the request in yesterday's meeting was the first time he heard of it and I believe these things should be discussed before we can act on them with any intelligence." Ebersoldt asked Kraemer if the strip extended through an area that would split up a potential industrial area. Kraemer said that he understood it would not.

Schedule Meeting

Kraemer said the charge of around \$600 per acre for the easement was based on prices obtained for land sold in the same area in 1964. Ebersoldt suggested action be held up until the levee board can meet with power company engineers and obtain answers to several questions about affect of the easement upon surrounding property. The request was made out of the company's main offices at Decatur.

Staicoff reported the district had a balance of \$47,457 as of Jan. 1. Receipts during December amounted to \$295,787, including \$208,162 in St. Clair county taxes. Disbursements amounted to \$248,300, Staicoff's

report said. Payroll for all of December totaled \$48,433.

Following the annual meeting levee district trustees and engineers met with representatives of the federal Economic Development Administration in an exploratory session to learn if grants are available for improvement work throughout the district. Township and city officials from Centerville township in St. Clair county and Mayor Stephen Maers of Madison also attended the meeting.

The levee district has been notified by the U. S. Army Corps of Engineers that it must update pumping facilities at its nine pumping stations, including those at Madison and Venice, in addition levee district is cite a serious need of upgrading and cleaning many of the district's major drainage channels. The district is without funds to do the work.

MORE ABOUT

Jaycees Seek

member, with completed forms mailed to Pennell, at 1208 Twenty-seventh street, or returned to him at Granite City high school.

In awarding the DSA honor, six areas of service and performance are closely scrutinized by the judging panel, the chairman explained. A possible total of 110 points within the six categories could be accumulated by an exceptional candidate, he said.

Selection is based on such achievements as:

Contribution to community welfare during the past year, maximum 20 points; participation in all-around community activities, maximum 20 points; evidence of lasting contribution to community activities, maximum 30 points; exhibition of leadership ability, maximum 15 points; evidence of personal or business progress, maximum 15 points; and cooperation with individuals and civic organizations, maximum ten points.

Pennell added that candidates for the DSA and OYE awards may be nominated by individuals or clubs.

SOCIETY

BRIDE-TO-BE. Miss Carol Supplee, whose parents, Mr. and Mrs. Bert Supplee, III, Gleason Lake road, Wayzata, Minn., are announcing her engagement to Robert Olen Butler Jr.

Wedding Date Is Set

Mr. and Mrs. Bert Supplee of 111 Gleason Lake road, Wayzata, Minn., are announcing the engagement of their daughter, Carol Supplee, to Robert Olen Butler Jr., son of Mr. and Mrs. Robert O. Butler sr., 2301 Lynch avenue.

Miss Supplee is a sophomore at Northwestern University where she was one of the top ten women in her class in journalism.

Mr. Butler was graduated from Granite City high school and Northwestern University with honors. He now has a teaching fellowship at the University of Iowa and is doing graduate work in playwriting.

The wedding is planned for Aug. 10.

Elkettes Add New Member

Mrs. Margaret Roberts, president, of the Elkettes, presided at their monthly meeting, Tuesday evening, and welcomed a new member, Mrs. Lois Cox.

Plans were discussed for the annual "Sweetheart dance" on Feb. 10 at the Elks club.

The hospitality committee for this meeting included Mrs. Dorothy Copeland, Mrs. Olive Kahler and Mrs. Edith Mitchell.

Mrs. Roberts received the evening's prize, and those winning prizes in the card games were Mesdames Mildred Jung, Dorothy Copeland, Helen Todd, Eupie Tarris, Marge O'Neill, Helen Matson, Bess Weiss, Anna Lois Tenney, Ruth Geroff and Karmyn Edmonds.

Picture frames: custom made, C. C. Glass Co., 18th & Edison

MISS TRULY BELL, whose engagement to Daniel Shipp is being announced by her parents Mr. and Mrs. Elbert G. Lyons, 2104 Glen drive.

Shipp-Bell Engagement

The engagement of Miss Truly Bell and Daniel Shipp was announced this week by her parents, Mr. and Mrs. Elbert G. Lyons, 2104 Glen drive.

He is the son of Mrs. Loretta Shipp, 2108 Nevada avenue, and the late Howard Shipp, and is a sophomore attending SIU-SW campus.

Miss Bell is a junior at Granite City high school.

Wedding plans have not been made.

Miss Koch Is Engaged

The engagement and forthcoming marriage of Miss Elizabeth Celeste Koch, daughter of Dr. Felicia D. Koch, 2641 Edison avenue, and the late Dr. Joseph M. Koch and John E. Peterson, son of Dr. and Mrs. E. P. Peterson of Ukiah, Calif., has just been announced by her mother.

Miss Koch attended Sacred Heart grade school and Xavier high school in St. Louis. She received a BA degree from Clarke College in Dubuque, Iowa, in 1965 and is now working as a laboratory technician at St. Joseph Hospital in St. Charles, Mo.

Mr. Peterson received a BA degree in 1963 from Wesleyan University in Middletown, Conn., where he was a member of Delta Kappa Epsilon fraternity. He spent a year and a half of post graduate work in genetics at the University of California, Berkeley. He is now at the University of California School of Law in the class of 1970.

Both he and Miss Koch were in the Peace Corps from June 1965 to July 1967 in Ghana, West Africa.

A June wedding is planned.

JUNE BRIDE-TO-BE. Miss Elizabeth Celeste Koch, daughter of Dr. Felicia D. Koch, 2641 Edison avenue, and the late Dr. Joseph M. Koch, whose engagement to John E. Peterson of Berkeley, California has just been announced.

Rayhill-Mueller Wedding

Mr. and Mrs. Ervin Mueller, 720 Layton road, near Madison, are announcing the marriage of their daughter, Miss Susan Carolyn Mueller, and Stephen Robert Rayhill. The wedding took place Dec. 30 at St. Paul's United Church of Christ, Shelbyville, Ill.

The groom is the son of Mr. and Mrs. James Rayhill, Pana, Ill.

The former Miss Mueller is a graduate of Madison high school and Mr. Rayhill was graduated from Pana high school. Both are senior students at Eastern Illinois University, Charleston, where they will make their home.

TREE OF LIGHTS GLOW REFLECTS LOCAL WARMTH

To you and your very fine staff, a real heart-felt thank you for the very fine coverage that you have given our "Tree of Lights" program this year.

The warmth of this holy season will linger on and the glow from the "tree" will illumine the new year because so many wonderful people have shown they do "love their neighbor" and they are their "brother's keeper."

God has been so good to us

Believe New Vaccine May Prevent Rheumatic Fever Among Children

(American Institute of Biological Sciences)

Medical researchers at the University of Chicago have developed a vaccine which may solve the problem of rheumatic fever.

The vaccine is designed to prevent streptococcal infections which frequently lead to rheumatic fever in children or to a kidney disease, glomerulonephritis, in both children and adults.

It is made by purifying a protein, called the "M protein," from the cell wall of the streptococci which cause the infections.

The body responds by making antibodies against the M protein. Thus, when streptococci invade the body, the antibodies react with the M protein and help destroy the invading organisms before an infection begins.

Two of the researchers who help develop the vaccine, Professor Eugene N. Fox and Dr. Albert Dorfman, both of the La Rabida University of Chicago Institute, said that from 300 to 500 children, in areas where there is a high incidence of rheumatic fever, may be immunized during the coming year.

Professor Fox said that, of 25 infants who were immunized during the past year at the Well-Baby Clinic of the Silvan and Arma Wyler Children's Hospital in Chicago, "none had any untoward reaction and no side effects have been apparent."

Twenty of the 25 have received the production of antibodies capable of destroying streptococci.

Fox pointed out that rheumatic fever frequently leads to heart disease and that is one of the most serious and widely occurring disabling diseases of childhood.

When Life First Appeared

Chemical predestination rather than accident is thought to have guided the origin, evolution, and reproduction of substances essential to all forms of life, according to a biochemist at the Pennsylvania State University.

Dr. Gary Steinman, assistant professor of biochemistry at Penn State, believes that life chemicals called peptides could have been produced in prebiological times without the help of nucleic acids, generally considered vital to such reproduction.

His experiments have been designed to simulate the conditions under which peptides of biological interest first appeared on the early Earth.

He discovered that amino acid building blocks that may have existed billions of years ago seem to prefer to link up in peptide combinations that occur in a wide variety of proteins, including those found in hormones, enzymes and viruses.

He says that the characteristic structures of different amino acids as well as other measurable factors appear to dictate that they should have combined into the types of peptides now found in living things.

'Impossible to Prevent'

"Based on what many laboratories have learned about the physical, chemical and environmental conditions that may have existed in prebiological times," Dr. Steinman comments, "the onset of life

since our arrival in the Quad-Cities area and we feel so very humble over the way the community has received us. Be assured we shall endeavor to "light the way" for those who are striving to better themselves spiritually and economically.

May God bless you and yours and fill your heart to overflowing with His Love this new year.

CAPTAINS HAROLD F. and ANNA M. THOMAS, Officers-In-Charge, The Salvation Army Quad-Cities Area

would have been almost impossible to prevent."

The experiments conducted at Penn State which indicate that peptide production and duplication can occur without nucleic acids—and may have well done so on primitive earth—directly contradict the theory that nucleic acids such as DNA and/or RNA had to be formed before peptides could reproduce and evolve into more complex biological forms.

Dr. Steinman found that once a peptide is formed it seems to promote the formation of other peptides. When he combined two common amino acids, leucine and alanine, the extent to which they hooked together was increased tenfold simply by adding another peptide.

In summary, he said, "Unique, biologically pertinent peptide combinations may have been produced pre-biotically (before life appeared) . . . without nucleic acids."

"In a sense, a sort of built-in 'predestination' can be identified at several levels of biological ordering."

"Thus, the organization necessary for living systems to have appeared primarily should not be looked upon as a rare, chance, improbable phenomenon."

3-D Photos With Microscope

During the past year, Southwest Research Institute researchers have used "holography" to produce from "air-light" three-dimensional photographic reproductions of minute biological specimens of important significance to the life sciences.

Holography provides a method for recording visual information on a photographic emulsion, a "camera" without lenses that produces a three-dimensional image.

Practical application of the holographic principle was given impetus by the development several years ago of the laser. The laser light beam, combined with a physical phenomenon known as "interferometry," has made possible the reconstruction of three-dimensional images from two-dimensional photographic records.

The laser has made possible direct-image amplification, which in turn can be further visually magnified when photographed through the ordinary optical microscope.

Be Wings, Leaves

So far in the program, three-dimensional holographic photographs have been made of such biological materials as the wing of a bee, particles of pollen, and minute sections of leaves.

Experimental results obtained, according to researchers Dr. W. Anderson and Robert K. Swanson, have confirmed the initial promise for applications of holography to microscopy in the life sciences.

Some of the practical applications they envision for the technique in the field of biomedicine are:

1. Experimental embryology.
2. Tissue and organ culture.
3. Cell division.
4. Phagocytosis (ingestion) of bacteria, foreign bodies and carcinogenic (cancer) compounds.
5. The fertilization process and penetration of outer layers of ova by sperm.

50 YEARS AGO

JANUARY 4, 1918

J. B. Maserang was re-elected president of the Granite City Commercial club at a large and enthusiastic meeting at the Masonic Temple.

Nathan Fleishman was re-elected vice-president, J. C. Reintger was re-elected secretary and Al Smith was elected treasurer. Edmund Hall reported on work performed on the new outlet sewer, which is expected to reach I street by September.

George Whitten reviewed the Madison county good roads project, and Maserang said the club was instrumental in locating the Midland Concrete plant here, obtaining a new passenger and freight depot, giving drafted boys farewell celebrations and assisting war work of the Red Cross and YMCA.

Ben Hur Lodge 144 will hold a grand ball at the Teddy Bear Social Club hall, 18th and State streets, Jan. 5. There will be good union music, and admission will be 25 cents a person.

The third informal dance of the United Hebrew Ladies Society of the Tri-Cities will be held at the Moose hall, 19th and State streets, Jan. 13.

Challenges of 1968 Call for

Renewed Citizen Action to Achieve

A Better Community and World

"We're going to do great things . . ."

The words of the popular song give an idea of the capability and potential of this community and its residents, if they choose to be active citizens and to make 1968 a year of which all can be proud.

Surprisingly little is beyond the reach of people of a free nation who cooperatively seek to solve problems, bring about neighborhood and areawide improvements and make the American dream of service to others and fulfillment of individual aspirations come true.

Because attitude and effort are all-important, Quad-City hopes for the next 12 months boil down to a single New Year's resolution—a forward surge of local spirit and energy.

Life is what we make it. As a word leader said in comments quoted here last year, "Do something, for someone, somewhere." Along with meeting obligations elsewhere, Quad-Cityans may well decide that it is important for them to "do something, for themselves, here" during 1968.

Probably the most meaningful step that Quad-Cityans could take to transform the local way of life would be to take a more active role in governmental processes, attending public meetings and casting informed ballots.

School, levee, legislative, statewide, congressional, senatorial and Presidential choices will be made this year, but only by those who vote.

The percentage of election participation traditionally is so low that it implies an unacceptable level of apathy. What we hold dear was not won easily, at Valley Forge, nor can it be retained without effort.

Specific issues are discussed below under the categories of making our government more effective at all levels and making our area and the world more livable.

MAKE GOVERNMENT MORE EFFECTIVE

Schools: Many Quad-Cityans will oppose formation of a multi-county junior college district in 1968, as they did successfully in 1967. The program would lean heavily on this community than on most property tax funds, but decisions regarding sites, curriculum and other vital matters would be for the most part out of the hands of local residents.

The junior college proposal would divert SIU-SW from the utilization originally visualized for it, and would reduce the prospect of adequate financial support of public schools, which have many problems of their own.

The Venice district at present is constructing additional elementary classrooms, and Granite City schools may submit a building and tax proposal to voters this spring. A new look at the substantial advantages of year-around school operation could prove valuable.

There is a clear need for establishment of university journalism and medical departments in this region and for continued development of facilities on the spacious SIU-SW campus, now linked even closer to the Quad-Cities by ideal highway connections.

Local government: Annexation-incorporation disputes between municipal and rural residents and officials should be resolved in a way in which none end up "cutting off their own nose to spite their face."

This will call for insight on the part of all voters and taxpayers to look beneath surface issues and not be led astray by those seeking to get or keep public offices or powers for personal advancement.

Facts regarding governmental costs and means of financing them are fairly simple to pin-point. All should familiarize themselves with such facts and not permit distortions or half-truths to confuse them.

Granite City and Madison municipal governments face ward redistricting and should act early in 1968 to avoid the kind of problems encountered by Granite City voters and candidates last year.

Care should be taken to avoid disrupting the zoning designation of any of the local industrial parks, whose development will be essential to provide jobs and a reasonable degree of prosperity for the expanding population.

Planning and land use programs should be improved. Revitalization of the Granite City central business district is overdue. Governmental participation in providing off-street parking and other improvements could pay many dividends in the form of greater economic activity and increased tax revenue.

More public interest and support is needed to obtain sufficient 1968 progress in street and highway improvements, including Great River Road access routes and better utilization of existing Quad-City area thoroughfares and roads.

Madison county government: Chief attention at present is being directed toward the need to increase township-set property assessments sufficiently to avoid the 1.03 multiplier set tentatively for this county by the state.

On a long-range basis, there is hope for legislation aimed at greater statewide assessing uniformity and/or less dependency on property as the means of paying for governmental services.

With satisfactory disposal of trash and garbage becoming an increasing problem, incinerator-landfill-composting feasibility studies are planned by the county and the port district, hopefully leading to remedial steps in 1968. Landfill zoning designation should be made distinct from general manufacturing zoning.

Minority party resurgence remains a major need in this county and seems to have a better-than-usual chance of occurring in the election this November.

A sheriff staff merit employment system has been needed for a long time. Now supported by Sheriff Musso, the plan ought to be made a reality this year.

Illinois state government: State officials and candidates should commit themselves as supporting or opposing an early start to the proposed Horseshoe Lake park and wildlife refuge, enabling voters to know where they stand. The lake park plan has consistently been accorded low priority at the state level, resulting in unjustified and unending delay while other projects proceed.

With mandatory statewide fluoridation enacted last year but still not implemented in some communities, including the Quad-Cities, Illinois should make sure that full compliance takes place soon. This safe procedure reduces future incidence of tooth decay by 60%.

A new state constitution does not necessarily mean a better constitution, but it could be significant gains for all Quad-Cityans from modernization of the century-old third Illinois constitution, if those preparing it include adequate safeguards for protection for the future of the American steel industry. An opportunity to call a constitutional convention will be afforded by the November balloting.

Federal government: Despite "high tariff" objections that oversimplify the issue, the United States should provide protection for domestic steel producers at least commensurate with the formal or hidden advantages granted by other countries to their firms. The serious inroads aided by low foreign wages, threaten the future of the American steel industry; this could not only destroy jobs in peacetime but block victory in wartime.

Serious consideration also should be given to restoring to its original form the 7% investment tax credit, partial suspension of which has drastically curbed orders for railroad cars.

Uniform Monday holidays are being sought, along with greater federal attention to the impact of organized and unorganized crime on the quality of life in America. East St. Louis Levee District programs involving benefits beyond the area paying district property taxes should be granted federal financing.

MAKE THIS COMMUNITY, THIS REGION AND THE WORLD MORE LIVABLE

Quad-Cities: Fuller utilization of the Wilson Park ice skating rink and recreation center should be a goal in 1968, along with closer cultural-educational research ties between this area and SIU-SW.

Tourism and scheduling of district and state meetings here offer widespread economic benefits to Quad-City businesses.

New thought should be given to United Fund agency financial requirements; this may be the year when 30-minute contribution clubs should shift to 60 minutes.

Region: New effort should be made to achieve a two-state air pollution control compact with Missouri; Illinois already has such agreements with other states.

Because there is an increasing need for regional planning, and because federal tax aid has been made subject to regional coordination of projects, local officials should work closely with the East-West Gateway Coordinating Council and revise their time to time to make sure needed to assure adequate representation and sound rulings in approving or disapproving proposals.

World: All who live in freedom hope for an early peace with maintenance of liberty in South Vietnam.

Sharp contrasts between "home front" luxuries and battlefield hardships are not only unfair but probably impossible to maintain indefinitely, as indicated by the reduction in domestic programs and by new restrictions on expenditure overseas.

As the "semi-cold war" heats up, there will be simultaneously a need for restraint to avoid a global nuclear conflict, and a need for the moral strength to make it clear to aggressors that they cannot indefinitely continue jeopardizing U.S. economic and physical survival on their own terms, without substantial risk to their own survival.

Law Limits Reasons for Canceling Auto Liability Insurance Policy

(Tri-City and Illinois)

Automobile liability insurance policies written in Illinois may be cancelled only for reasons that formerly were a state law which became effective Jan. 1.

For all reasons, except non-payment of premium, policyholders must be given 20 days notice of the effective date of cancellation.

Seven days notice is required for cancellation due to non-payment.

The new law, Senate Bill No. 1125, applies only to that portion of a liability policy insuring against bodily injury and property damage, and to medical payments and uninsured motorist coverage.

Uninsured motorist coverage was made mandatory with all liability policies written in Illinois under another law. The coverage protects the insured operator against motorists who carry no insurance or whose insurance companies become insolvent.

Under Senate Bill No. 1125, auto liability policies held by Illinois residents may be cancelled or insured must indicate a willingness to renew.

1. Misrepresentation information on his application for the insurance.

2. Failed to disclose moving traffic violations or accident records for the preceding 36 months if called for in the application, or failed to disclose in the application or upon inquiry of the company or its agent any information necessary for acceptance or proper rating of the risk.

3. Had his driver's license

suspended or revoked within the 12 months prior to the cancellation (this condition also applies to other operators who live in the insured's household or who customarily operate his car).

4. Becomes subject to epilepsy or heart attacks and does not obtain a certification from a physician testifying to his unqualified ability to operate a motor vehicle safely.

5. Becomes, or has been with, in three years, addicted to narcotics or other drugs, or uses alcoholic beverages in excess.

Other reasons for which the policy may be cancelled by the issuing company include the operation of a vehicle that is so mechanically defective as to endanger public safety, or use of the vehicle in carrying passengers for hire or compensation.

The law applies to any renewal policy or a new policy that has been in effect for 60 days.

However, the restrictions on cancellation do not apply to non-renewal of a policy, although the issuing company must give the policy holder at least 30 days notice of non-renewal and must not indicate a willingness to renew.

The reason for the cancellation must be included in the notice or must be furnished on request.

The policyholder may appeal a cancellation, except for premium non-payment, to the State Director of Insurance.

If, after a hearing, the director finds the cancellation to be improper, the policy must be reinstated.

Sentiment in Investment Plans

By THOMAS E. O'HARA

Chairman, National Association of Investment Clubs

Q. We are soon to settle an estate and want to keep the money in the family. We have 1200 shares in four investment funds, two small bank certificates, a little money in savings and loans and a small savings account.

Can we do a better job for a higher return on our money when we retire?

A. You have many earning years before you and should not be buying growth stocks. Your present investments have a slow to moderate rate of growth which won't do a very good job of offsetting our inflationary trends.

So, I suggest that you consult with a broker and start buying stocks with higher rates of growth. I'm sending you a copy of "Better Investing" which has a model portfolio of stocks with a growth rate of about 10%.

Perhaps you could select one or two from it.

Now, as for Foremost Dairies, the firm has recently entered into a merger and is now part of most-McKesson. This firm combines a major dairy company and a major drug distribution.

The management has been able and aggressive and the possibility that sales will grow and profit margins will improve seem good.

Circumstances change, and you honor the memory of someone you are seeing that his legacy grows in value.

Now, as for Foremost Dairies, the firm has recently entered into a merger and is now part of most-McKesson. This firm combines a major dairy company and a major drug distribution.

The management has been able and aggressive and the possibility that sales will grow and profit margins will improve seem good.

Unless I read the newspapers incorrectly, we have never seen a statement of this kind coming from our State Department.

Am I wrong?

L. D. S.

Dear Mr. S.: The Department knows of no statement that Ambassador Linowitz has made suggesting that steps should be taken to return Cuba to participation in the Organization of American States.

Ambassador Linowitz has expressed the opinion that the United States government should not take the Cuban situation and United States policies pertaining to it under continuing review, which the Department, indeed, is doing.

The Eighth Meeting of Consultation of the Ministers of Foreign Affairs of the OAS, in January 1967, resolved that the government of Cuba, by virtue of its adherence

Preparing for Retirement

Q. My husband and I are in our early 50s and have no debts. We have 1200 shares in four investment funds, two small bank certificates, a little money in savings and loans and a small savings account.

Can we do a better job for a higher return on our money when we retire?

A. You have many earning years before you and should not be buying growth stocks. Your present investments have a slow to moderate rate of growth which won't do a very good job of offsetting our inflationary trends.

Cuba Outlaw Country in Western Hemisphere, Denied OAS Trade

(U. S. Department of State)

I believe that soon after being appointed as United States representative to the Council of the Organization of American States, Ambassador Sol Linowitz suggested that steps should be taken to return Cuba to the OAS.

Unless I read the newspapers incorrectly, we have never seen a statement of this kind coming from our State Department.

Am I wrong?

L. D. S.

Dear Mr. S.: The Department knows of no statement that Ambassador Linowitz has made suggesting that steps should be taken to return Cuba to participation in the Organization of American States.

Ambassador Linowitz has expressed the opinion that the United States government should not take the Cuban situation and United States policies pertaining to it under continuing review, which the Department, indeed, is doing.

The Eighth Meeting of Consultation of the Ministers of Foreign Affairs of the OAS, in January 1967, resolved that the government of Cuba, by virtue of its adherence

to Marxism-Leninism and its alignment with the Communist block, had made itself incompatible with the principles and objectives of the inter-American system, and should therefore be excluded from participation in that system.

At the Ninth Meeting, held in July 1964, the Ministers decided that Cuban subversion, "after directed against Venezuela was 'aggression' within the meaning of the Inter-American Treaty of Reciprocal Assistance."

They resolved that OAS governments should not maintain diplomatic or consular relations with Cuba, should suspend all of their trade with Cuba, except for foodstuffs, medicines and medical equipment, and should suspend sea transportation with Cuba.

The policies and actions of the Castro regime which led to these measures have not changed, and the Cuban government continues to proclaim openly its intention to engage in subversive activities in Hemisphere countries.

There is thus no basis at present for contemplating the return of Cuba to participation in the OAS.

25 YEARS AGO

JANUARY 4, 1943

The Chain of Rocks Bridge has suffered a 50% drop in revenue due to gasoline rationing. But Mayor Steve Maserang, auditor of Madison's municipally-owned bridge, reports that current revenues are still sufficient to pay all operating costs and interest on debt without yet having to dip into a cash reserve built up before rationing went into effect.

Mr. and Mrs. Eileen Sullivan, Springfield, Mo., visited Mr. and Mrs. Roy Sullivan of Mitchell.

Fire Follows Theft At Madison Store

Fire at the Perdue Furniture Co., 901 Madison avenue, Madison, caused double trouble yesterday for store owner James Perdue, who had just reported a weekend burglary in which

thieves hauled away several thousands of dollars worth of merchandise.

The burglars used a truck or auto to batter down a metal door on the side of the building on New Year's eve. They took \$460 cash and a number of television sets, radios, wrist watches and other items.

While the door was being repaired about 4:30 p.m. yesterday a spark from a welder's torch set fire to several cartons in the warehouse. The fire damaged the cartons containing upholstered furniture. Moderate smoke damage also resulted.

GO TO CHURCH ON SUNDAY

ASSOCIATION OF YMCAs officers elected last night at the annual meeting here. Left to right are—Vernon Tharp, Granite City, secretary; Charles Camp, Alton, treasurer; Thomas Gibbons, Edwardsville, corporate counsel; William F. Hoelscher, Granite City, president, receiving a gavel from Clifford Sturgeon, Belleville, outgoing president.

Association of YMCAs Elects New Officers

The Association of Metro-East YMCAs held an annual meeting Wednesday night at the local YMCA and elected officers.

They are William F. Hoelscher, Granite City, president; William R. Popkes, East St. Louis, vice-president; Vernon C. Tharp, Granite City, secretary; Charles F. Camp, Alton, treasurer; and Thomas R. Gibbons, Edwardsville, corporate counsel.

Other business included a discussion regarding plans for a Metro-East YMCA summer camp for boys and girls. A committee was appointed to visit a campsite on Little Grassy Lake. The Metro-East Association of YMCAs is now officially one year old, was formed to facilitate the interchange of ideas and promote programs of common interest to the five member YMCAs.

YMCAs in the association are

—the local "Y" and those in Alton, Edwardsville, Belleville and East St. Louis.

Mathematics Institute At SIU-SW Is Planned

Southern Illinois University has received \$45,000 from the National Science Foundation to conduct an institute on mathematics at the Southwestern campus next summer.

The Foundation also has allotted funds for 40 stipends to finance student participation in the eight-week program scheduled June 19 through Aug. 13. The institute is the fifth in as many years sponsored by NSF under auspices of the Southwestern campus mathematics faculty.

This year's institute will be for secondary teachers who will be asked to update their teaching backgrounds. Up to 12 quarter hours of academic credit can be earned from the five courses which lead to a master of science degree in mathematics or education.

Robert Pendergrass, chairman of the mathematics faculty at Southwestern campus said teachers from throughout the state are eligible for the summer training.

SIU Plans Shakespeare Courses in England

Two four-hour courses in Shakespeare will be offered in London and Stratford, England, by Southern Illinois University next summer.

English 566 will include reading and studying in depth at least six Shakespeare plays, preferably those that can be seen in London or at the Royal Shakespeare theater in Stratford, according to Prof. Marion Taylor of SIU's Humanities division who will teach the two courses.

English 471A will include a study of Shakespeare's plays during 1960 readings on his life, the theater and the acting company. Six weeks of classes are planned, four at the University of London with students quartered nearby, and two in Stratford environs. Students will be free to travel in Europe after class sessions end.

Mertz Infant Stillborn At Local Hospital

Frederick Michael Mertz, infant son of Mr. and Mrs. Roy Leonard Mertz, 4497 Vine avenue, was stillborn Tuesday at St. Elizabeth Hospital. Grave-digging services were held today. Besides his parents, the infant is survived by four sisters, Tamara, ten years, Wanda, nine years, Holly, seven, and Dawn, two years; his maternal grandparents, Mr. and Mrs. George F. Haenchen sr., of St. Louis, and paternal grandmother, Mrs. Octavia Megier of Granite City.

Funeral arrangements are given in today's obituary column.

Two GC Youths Enlist In Army, Taking Basic

Two Granite City youths enlisted in the U. S. Army Tuesday and now are undergoing basic training at Fort Leonard Wood, Mo. Local recruiters announced today.

The youths are Kenneth Andrew Lewis, son of Mr. and Mrs. Joseph Lewis, 2138 Iowa street, and Dexter Carlos Harmon, son of Mr. and Mrs. Carlos Harmon, 417 1/2 avenue.

Both are 1966 graduates of Granite City high school. Lewis selected microwave training as his guaranteed enlistment option and Harmon chose welding.

Two Autos Collide

Autos driven by Barbara Freeman, 918 Webster street, West Madison, and Gloria L. Teller, 2808 Edgewood drive, collided at 2:30 p.m. Wednesday at Garfield and Franklin avenues.

PRESBYTERIAN WOMEN DISCUSS ACTIVITIES

The first 1968 meeting of the executive board of the Nameoki United Presbyterian Women was held Tuesday evening at the church, with ten members and Pastor Gail Cross attending.

Mrs. Jene Lybarger, president, opened the meeting with prayer and the program for the coming year was discussed. The group will use the study of Mark and the Social Action Study as their programs.

Plans were made to participate in activities of the Quad-City Council of Churchwomen United.

The spiritual life secretary, Mrs. Sylvia Cross, led planning for a retreat to be held in August at the Thompson House in Ladue, Mo.

Mrs. Lybarger announced a change in dates for meetings of the circles in November and December 1968.

The women plan to attend the cancer bandage cutting all-day meeting of Tuesday evening to be held at the First Presbyterian Church on Jan. 9. Those attending are to bring sack lunches.

A cancer cutting meeting will be held at the Nameoki church for its members Jan. 24.

Mrs. Betty Flinn closed the meeting with prayer.

Others present were Mesdames Ruth Todd, Louise Anderson, Louise Thompson, Fern Mitchell, Mary Stagle, Bea Pyle and Betty Flinn.

SURPRISE BIRTHDAY PARTY FOR MRS. VICK

Members of the Nameoki Methodist Quilting circle held a surprise birthday party for Mrs. Lexie Vick Tuesday evening in the home of Mrs. Lucille Webb, 2641 Iowa street.

Two decorated birthday cakes served as centerpieces for the buffet table.

Those attending were Mesdames Luan Briner, Dorothy Wallace, Marion Whittaker, Vivian Guika, Ione Niemeyer, Ena Potter, Lucille Russell, Effie Vrenick and guests, Mrs. Valira Dykes, Mrs. Betty Weston, Kevin Weston, Alan Briner and Mark Guika.

BROWNIE ELECT AT NAMEOKI SCHOOL

Brownie Troop 176, sponsored by the Nameoki school PTA, met Tuesday afternoon at the home of Mrs. Brenda Palmer, 1533 Garfield avenue.

The meeting opened with the pledge of allegiance and the Brownie promise, led by the outgoing president, Tami Miller. Roll call was answered by a naming favorite Christmas gifts.

Susan Lewis was named to take care of the troop scrapbook.

Plans were made to visit Troop 159 at its meeting on Jan. 23.

An election of officers was held and the new officers are: president, Diana Bunch; scribe, Mary Vaughn; and treasurer, Cynthia Freeman.

The remainder of the meeting was spent in a discussion on how the scouts spent their Christmas holidays.

Others present were Paula Bald, Jackie Billelo, Ellen MacClatney, Karen Osborn, Cindi Palmer, Theresa Parker, Debbie Schnefke, Cynthia Skinner, Stephanie Walden and the co-leader, Mrs. Jane Lewis.

City Applies for \$115,000 MFT for Summer Street Maintenance

A resolution authorizing the city clerk to make application for \$115,000 motor fuel tax funds for the annual summer street maintenance program was adopted Tuesday evening by Granite City council members.

Alderman Johnson, chairman of the Street Committee, recommended the city give full consideration to an overall street improvement program, to reduce the annual maintenance cost.

"I know we've tried it before and it was defeated when a motor fuel tax bond issue election was held several years ago, but I think it would benefit the city greatly and would reduce the annual maintenance costs," Johnson added.

Several aldermen agreed with him, but others pointed out the city was having enough difficulty now in finding MFT funds for maintenance of paved streets. The discussion ended.

Johnson called for notices to be sent for repairs to excavations in two streets. He asked City Clerk Pendleton to advise the East St. Louis & Interurban Water Co. to make permanent repairs to an excavation on Madison avenue at Niedringhaus avenue in front of St. Elizabeth Hospital where a hydrant was installed, and for

Granite City PRESS-RECORD
Page 12 Thurs., Jan. 4, 1968

James Green, contractor, to be advised that the street department had fixed a sewer taproot excavation on Johnson road off Nameoki road.

Street Supt. Warfield was instructed to determine the cost of the repair job and to give the information to the comptroller for billing the contractor.

Water Along Rte. 151
Alderman Nunn called for drainage relief for residents at the end of Hardin, Roosevelt, Emzee and Morgan streets, pointing out that whenever there is a rain, the water flows from the graded right-of-way of Route 151 and goes into yards and up to the doors of the homes.

He called for a cooperative effort by the state highway department and the street department in uncovering catchbasins and manholes. Street Supt. Warfield said he was told by one highway representative that

they were unaware that one manhole had been covered. "These people never had water problems before, and the small ditch the highway department dug to give relief is not doing the job. The city can't do it because of the right-of-way and the locations of existing catchbasins and sewer lines," Nunn added.

The mayor, who said he also was called by the residents and inspected the situation, told council members he would again call upon the state highway department for assistance.

Approval was given preliminary plans for the plat of the first addition to Wilson Park Estates subdivision. Alderman Rutledge, chairman of the Zoning and Planning committee, recommended the council concur in the approval given by the City Plan Commission, and said details on the widths for easements should be determined before the final plans are scheduled for approval.

The developer, the Reinhardt Agency, has submitted the plat

for 13 additional lots.

Laundromat Permits

In a letter, City Atty. Allen advised the council it has no special use permit controls over laundromats proposed for structures in a C-1 commercial zoning classification. He pointed out that in areas zoned otherwise, the city already has specified the need for a special use permit which requires approval by the city council.

Allen also informed the council that he has written to Lindley Trucking Co. concerning that firm's responsibility should there be excessive damage above normal use in an alley adjoining the truck terminal property at 17th street and Grand avenue.

Placed on second reading were resolutions for one-year contract renewals with Research Planning & Design, which holds the city's consulting engineer and motor fuel tax engineering contracts.

Wants More Engineering

Alderman Nunn, chairman of the Ordinance committee, said he believed the city was entitled to more engineering services on a consulting basis. Nunn pointed out that when David Johnston was city engineer, a representative of his office was on duty in the city hall office to provide services to the aldermen and to the city. "Now we have to go to the mayor to get an OK for extra work, or he won't sign the check for the services," Nunn commented.

Mayor Partney replied that the city has budgeted the \$400 a month for 40 hours service by the engineer and has no funds for the extra projects. He added that the present engineering firm "is not taking \$80,000 a year out of the city, either."

With the two resolutions placed on second reading, council members indicated there will be further debate on the engineering contracts at the Jan. 15 meeting.

Council approval was given for installation of stop signs on Maryville road and O'Hare avenue, with fines for violations to range from \$5 to \$100.

Hubbell Named to Post in Metals Industry

Peter B. Hubbell has been appointed as manager of the newly established St. Louis district of Hubbell Metals Inc., which has an operation in Granite City.

A graduate of Princeton University, he has been marketing manager, aluminum, for three years and was made director and treasurer of the firm last March.

City to Provide Old Tree for Picket Fire

Granite City council members voted Tuesday night for the street department to provide trees and limbs to boiler makers Local 525 for its members on the picket line at the A. O. Smith Corp. plant for warming fires.

The street department will get the wood from its regular tree removal and trimming work.

Chamber Plans Luncheon With Cong. Price

Plans for a Congressional Action Committee luncheon in the week of Jan. 22-26 with Cong. Melvin Price, who will have just returned from a Vietnam tour, were announced at a January meeting of the Tri-Cities Chamber of Commerce board Tuesday evening at Sunset Hill Holiday Inn.

Local Chamber members were urged to attend a meeting at 9 a.m. Jan. 16 at the Chase Park Plaza hotel, St. Louis, on "modernizing state and local government."

Sponsor is the U. S. Chamber of Commerce, and panelists will include four governors, five state legislators, mayors, city managers, county executives, businessmen and state and local Chamber executives.

Renewal, Fire Rates
Announcement was made that the Chamber's Long Range Planning Committee will hold meetings in January on urban renewal and on Granite City fire insurance rates.

Also noted were a Tri-Cities Chamber foreign affairs banquet at 6:30 p.m. Jan. 18 at Sunset Hill Holiday Inn and Granite City Jaycees' distinguished service award dinner Jan. 24.

It was reported that Illinois Power Co. will furnish Illinois sequentimental observer vance stickers for autos.

President Howard W. Kaseberg told of an informational visit to the Wausau, Wis., Chamber.

The next meeting of Chamber directors was set for Feb. 6 at the Granite City Army Depot.

State Committees
Tri-Cities Chamber members serving on Illinois State Chamber committees are Russell O. Creelius, labor relations; C. E. Townsend, economic development; and Randall Robertson, legislation.

Local Chamber committee chairman, supervised by Kaseberg, Vice-Presidents Townsend and Leo H. Konzen and Treasurer E. G. Schmitt, now include:

Area improvement, Allen L. Jesse; citizenship and education, Dale Arnette; community relations, C. E. Blankenship; Congressional action and governmental affairs, Creelius; financial affairs and administrative, Kaseberg; health and cultural affairs, Dr. George T. Wilkins Jr.; industrial development, Carl E. Mathias; long range planning, Townsend; membership promotion, Arthur R. Koepfer; retail-commercial promotion, Al Ambling; and traffic control and land use, Henry R. Gabriel.

Expert on S. Vietnam Schools to Speak Here

Dr. Harold L. DeWeese, who will address the Tri-Cities Chamber of Commerce Foreign Affairs group at 6:30 p.m. Tuesday, Jan. 16, at Sunset Hill Holiday Inn, is regarded as one of the leading authorities on Vietnam, having led the Southern Illinois University education team there from 1963 to 1967.

Reservations for the dinner are being made at the Chamber office, it was announced by Harold R. Fischer, chairman

of the Chamber's SIU liaison committee.

For his service as chief-of-party in South Vietnam, Dr. DeWeese was awarded the Chuong My (Order of Merit) medal by Minister of Education Nguyen Van Tho of South Vietnam at a special ceremony last July 28.

The Order of Merit is Vietnam's highest civilian decoration. Dr. DeWeese received the first grade medal.

The citation, read by Nguyen Van Luong, director of the Directorate of Pedagogical Affairs, In-Service Training and Adult Education, honored the SIU educator for "years of devoted service to primary education and in-service training."

Returned This Fall

Dr. DeWeese returned to the U. S. in September after being succeeded as chief-of-party by Arthur L. Aikman of the SIU faculty.

The original SIU team went to Vietnam in 1961. He was assistant principal of the University School, Carbondale, when he joined the team as chief in 1963.

The program is one of two in the southeast Asian nation affiliated with the U. S. Agency for International Development.

He and three others from SIU worked in Saigon with South Vietnam educators to upgrade the education of elementary school teachers. Three others worked to improve vocational training, being assigned at Vinh Long, Qui Nhon and the Montagnard community of Ban Me Thuot.

Dr. DeWeese believes that attitudes toward education in South Vietnam have changed and that the change will be lasting; the country now recognizes the importance of sending its people abroad for extensive teacher preparation, and its school enrollment has increased steadily despite the war, confusion and lack of money.

Eager to Learn

"The people are humble and eager to learn. They see the need for education in keeping up with sociological, economic and political advances," he comments.

Some Vietnamese studying abroad are at SIU. Most return to their country as professors in normal (teacher training) schools or as staff members of in-service centers. Of 25,000 teaching elementary school there, half have had no professional teacher training. SIU representatives developed a year-around in-service program in which administrators and teachers attend for four weeks at a time for instruction, discussion, problem solving, aid, new materials and assistance in conducting workshops.

Basic teacher preparation has been extended from one to two years, and more than 7000 teachers have attended the various kinds of training offered since 1961. The general school curriculum has been modified and admission standards for normal schools have been raised.

One of the most popular courses is English. "We couldn't begin to meet the need of all who wanted to learn English," he recalls.

There has been a major change from the educational concept under French rule of educating the "elite" rather than the majority of the population, he adds. In some cases, the Viet Cong harass South Vietnamese teachers and temporarily take over schools and equipment.

Air Medal, Purple Heart For 'Copter Crew Chief

Specialist Fourth Class Larry Gene Sidwell, crew chief of a helicopter gunship in Vietnam, has been awarded the Air Medal with "V" Device for heroism while participating in aerial flight and the Purple Heart Medal for wounds received in connection with another military operation against the enemy.

Presentation of the medals took place two weeks ago in Vietnam.

The serviceman is married to the former Miss Linda Darlene Farris, daughter of Mr. and Mrs. Alvin H. Farris of Rural Route Two, with whom Mrs. Sidwell is staying during her husband's tour of duty overseas.

Forehead Wound
As crew chief of a UH-1C gunship based at Da Nang, South Vietnam, with the 174th Aviation Company (Air Mobile Light) 14th Combat Aviation Battalion, SP/4 Sidwell sustained a forehead wound on Oct. 20 from enemy fire while on a mission against hostile forces.

He was hospitalized briefly in Vietnam, but returned to his unit just a short time later and immediately resumed combat assignments. His outfit is part of the Third Brigade, Fourth Infantry Division.

The citation, accompanying the Air Medal which was presented to the 18-year-old soldier on Dec. 22, reads:

"For heroism while participating in aerial flight, SP/4 Sidwell distinguished himself by exceptionally valorous actions on July 24, 1967, in the Republic of Vietnam while serving as a crew chief on one of four armed UH-1C helicopters flying visual reconnaissance in support of 2/35 Infantry Battalion.

Spotted VC Ambush
SP/4 Sidwell and the fire team with which he was flying spotted a large Viet Cong force laying in ambush for elements of the 2/35th. The gunship immediately rolled in, placing extremely intense and accurate rocket, mini-gun and door gun fire on the enemy positions.

"For the next five hours, while his helicopter was exposed to intense Viet Cong ground fire, SP/4 Sidwell delivered precise suppressive fire on the insurgent positions. On several occasions, SP/4 Sidwell observed enemy positions and held continual fire on the positions until his pilot could roll in and hit the target with his rockets and mini-guns.

"When one of the gunships received numerous hits, one of which wounded the aircraft commander, SP/4 Sidwell and his crew mates voluntarily rolled in on the same position, time and time again, until all automatic weapons fire from the enemy position was definitely silenced.

Marriage Licenses
Deputy License Clerk, Mrs. Elvira Thurber, has issued marriage license this week to Alfred Fischer, 463 Eichler drive, St. Louis, and Stella J. Turner, 2204 Missouri avenue, and to Ross J. Wilson, 2211 Washington avenue, and Roseella G. Wilson, 1460 Chestnut street.

MORE ABOUT

Levee District

Nameoki ditch nearly two years ago.

Partney produced a letter dated March 16, 1966, on levee district stationery and signed by Kraemer. It said, in part:

"Approval is hereby granted to the city of Granite City to drain stormwater into 'our existing drainage facility' known as Nameoki ditch. 'I read the letter to Kraemer,' (over the telephone) Partney said, 'but he still wants the meeting.'"

Partney said the matter was brought before the levee board through the formality of sending them a copy of the resolution which was passed by the city council providing for the sewer construction work.

City Has Report

At the same time, an engineer's report in behalf of Granite City, prepared by the engineering firm of H. W. Lochner & Co., was introduced. It calls for discharge of stormwater drainage into the ditch through a 15-foot by nine foot pipe arch at Victory drive and discharge into the ditch through dual culverts at Edwardsville road.

Both Tolar and Kraemer, however, contended the Granite City engineering factors were repeated primarily from a 1960 survey by the Granite City engineering firm of Sheppard, Morgan & Schwaab and that there have been many changes in the water runoff potentials in the past eight years. In addition, Kraemer said, the 1960 report included provision for paying the Nameoki channel which provides for a faster and more efficient runoff.

William "Mike" Ebersold of Venice, said he believed the matter should be discussed with Granite City officials before the levee board takes any action. "If we accept this thing today as it is handed to us today," Ebersold said, "we would be accepting the responsibility for what might happen to damage a lot of property in the Nameoki area."

Served Nameoki Area

The Horner & Shifrin engineering report went back to the original 1946 design of the Nameoki drainage ditch, pointing out that when the ditch was designed and built, "only the areas within the city of Nameoki as then constituted and the adjacent watershed area to the north and east of Nameoki were included in determining channel flows."

The report added that "no capacity was provided for Granite City areas except for the 212 acres of industrial land located west of Nameoki road between Edwardsville road and 23rd street to about Bromley avenue." A 1949 design for laterals also provided drainage for Wilson Park, an area of about 47 acres and an area of 5.5 acres at the southwest corner of Nameoki road and 27th street, the report added.

Nameoki channel, the report went on, has a capacity flow of 438 cubic feet per second south of Victory drive and 690 cubic feet per second below Edwardsville road. The additional drainage at Victory drive and Edwardsville road laterals provided by the proposed Granite City sewer system would increase these volumes to 833 cfs at Victory drive and to 1325 cfs at Edwardsville road, during peak flow periods.

Horner & Shifrin informed the board that to handle the peak flow resulting from additional drainage from the Granite City areas, the Nameoki channel would have to be enlarged and improved extensively. Work required, the board was told, would include:

1. Widening the present channel from a 20-foot to 30-foot bottom width between Edwardsville road and Victory drive.
2. Widening of the channel between Edwardsville road and Horseshoe Lake from a 20-foot to 45-foot width.
3. Doubling the capacities of the present triple 8-foot circular culverts through the railroad embankments between Edwardsville road and Horseshoe Lake.
4. Providing an adequate headwall and the necessary protective slope and channel paving at the Victory drive entrance to the Nameoki channel to prevent bottom and side-slope erosion.
5. Providing the necessary slope and channel paving at the Edwardsville entrance to prevent bottom and side-slope erosion.
6. Entrances (of laterals) at Victory drive and Edwardsville road should be directed downstream.

In closing, the engineers' report added:

"A matter not related to the hydraulics of the Nameoki channel which, however, should be considered when granting a

permit for the Granite City sewer connections is the matter of possible inadvertent discharge of sanitary flow into the channel. The system of sewers designed for Granite City is one in which all the sanitary flow is intended to be diverted to the treatment plant at the Mississippi River. None is to remain in the system of proposed storm sewers discharging into Nameoki channel.

Suggest Reserved Authority

However, in view of the difficulty sometimes of locating in the field all sanitary connections and intercepting them by sanitary sewers it is possible that some may remain connected to existing sewers intercepted by the proposed storm sewers. Should this contingency arise the district should have the power reserved in the permit contract to force complete elimination of such

sanitary flow from the Nameoki channel." John Sprague, levee district attorney, said, "As I interpret the situation we have two problems; the first is that we have a ditch with a capacity of 600 cubic feet per second. The second problem is that Granite City wants to turn more drainage into it and the engineers claim the ditch can't handle the water. Therefore, the solution would be for Granite City to improve the ditch. I don't see anything we can do about it because we certainly don't have the money..."

Tolar pointed out that "it is my understanding" that the first larger bond issue by Granite City last year included provisions for improvement of the ditch, but that the second lesser bond issue, which was approved, "eliminated this project."

MORE ABOUT Election

township, near Interstate Route 270.

Five were named as poll judges — Mabel Rudeen, 545 Maryville road, Laura Jackson, 5135 Old Alton road, Cheryl Dickinson, Rural Route Two, Box 709, Dorothy Arnold, Rural Route Two, Box 791, and Nora Young, 514 Old Alton road.

In the other order, the judge concluded that "after hearing of evidence and being sufficiently advised in the matter, the court finds:

"That on Nov. 20, 1967, James E. Greer, Thelma C. Greer, Floyd W. Smith and other qualified voters and residents of the township of Chouteau township, Madison county, Ill., filed a petition to incorpo-

Reilly Tar Fire Contract Runs 5 More Months

Granite City will abide by its contract and continue to give fire protection to Reilly Tar & Chemical Corp. through next May, it was announced at Tuesday night's council session.

Alderman Fry, chairman of the Fire and Water committee, said it was discovered that a six-month notice for cancellation is set forth in the Reilly Tar & Chemical Corp. contract, while only 30-day notices are required for the Bi-State Agency harbor and the Tri-City Port facilities along the Chain of Rocks canal.

The contract with Reilly Tar was signed April 15, 1965, Fry

noted. The firm had a disastrous loss on Dec. 26 in which two city firemen were hurt in falls. The firm is on Edwardsville road but is outside the city limits.

Fire protection to areas outside the city was cut off Dec. 20 — 30 days after the council voted to halt the services. Officials of Nantux township are endeavoring to take steps to secure fire protection for residents of their area now unprotected.

Left Unprotected

Richard Powderly, 2904 Missouri avenue, who has a rider with his fire insurance policy, advised the Press-Record that his area had been receiving protection from Granite City but that he could get no help on Dec. 22 when a fire in his basement burned clothing and the rafters. The family was forced to do its own firefighting and

the loss was set at several hundred dollars.

"We called Granite City and they said they wouldn't come out. We're in Venice township and we called the Venice volunteer department and they refused. My wife called Mitchell, and they turned us down," Powderly said.

Powderly said he is at a loss on what to do to get fire protection for his four-room frame house that is just outside the city limits of Granite City. Alderman Fry said the best procedure would be for the residents of that area to petition for annexation to the city and pay the taxes to support a fire department.

Speed-Plus

The plowmen, who blazed the trail to open up this great land of ours, have descendants who literally burn up the road.

Walter Pershall Sr. Shows Improvement

Walter Pershall sr., who has been a patient at St. Luke's Hospital for several weeks with a heart ailment, continues to improve, according to a report from his family today.

Auto, Truck Collide

While backing out of a parking space on the Burger Chef lot, 27th street and Madison avenue, an auto driven by Margaret A. Dilday, 1713 Market street, Madison, collided with a Triangle Heating Co. pickup truck driven by John Anselmo, St. Peters, Mo., at 1 p.m. Wednesday.

Strike Continues At Smith Plant; No Meetings Set

Approximately 1300 Boilermakers of Local 525, employed at A. O. Smith Corp., continued their strike today without plans for further contract talks in the immediate future.

The workers, left their jobs at midnight Dec. 31 after negotiations with company officials broke down the same day.

Both company and union officials said they had been unable to agree on a job seniority issue after 26 different negotiating sessions since mid-October.

A plant spokesman said today that no meetings have been set to resume contract discussions.

Wallet, License Lost

Robert Niesporek, 2413 Iowa street, reported at 4:25 p.m. Wednesday that he lost his wallet at Granite City driver's license and personal papers.

Union officials also said they have no meeting plans. Negotiations broke off before there was any discussion of wages, insurance, grievance procedure or issues other than the seniority problems, it was reported.

Union officials, predicting the strike will be a "long one," are maintaining picket lines at the plant entrance. All operations at the plant which manufactures auto frames for Chevrolet assembly points were shut down immediately after the strike began.

20th-Omaha Accident

Autos driven by Phillip Sorenson, 2016 Omaha street, and Arthur E. Hock Jr., Belleville, were involved in an accident at 4:20 p.m. Wednesday at 20th and Omaha streets. Sorenson was charged with driving without a license and was released from custody on \$100 cash bail pending a hearing.

Auto Stalls, Struck

When his engine died in a traffic lane, the rear of the auto of James Warren, Sorento, was struck by another driven by John Dudos, 2132 Harrison avenue, at 8 p.m. Wednesday on Missouri avenue at West 22nd street.

The Ledger

So live that when your final address label on one return form and an envelope addressed to the Regional Service Center to be used by taxpayers during a refund.

Granite City PRESS-RECORD

Thurs., Jan. 4, 1968 Page 17

2 Changes in New Income Tax Return Packages

Federal individual income tax return packages have been mailed to all taxpayers who failed last year, Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, announced today.

Taxpayers will note two significant changes in this year's package.

In addition to the instruction booklet and return forms, they will find a special two-part address label on one return form and an envelope addressed to the Regional Service Center to be used by taxpayers during a refund.

Philpott urges all taxpayers to initially review their instruction booklet, especially the information on use of the two-part address label and refund return envelope, before setting the package aside until they get their income, deduction and expense records together.

Processed by Computers Experience gained during the first year of processing individual income tax returns by high speed electronic computers of the Internal Revenue Service's automatic data processing system shows that taxpayers are making many relatively simple errors that delay the processing of their returns.

Philpott said, taxpayers can expedite the processing of their refund returns by mailing them direct to the Regional Service Center in Kansas City, Mo., and by making sure that the return is correct and accurate.

The greatest number of delays are caused by incorrect social security numbers, forgetting to sign the return, using the wrong tax table and mathematical mistakes.

State Tax Tables

The instruction booklet received with the tax return forms will answer most federal tax questions. It contains the Illinois state sales tax and gasoline tax tables for use in determining allowable deductions.

Individuals are urged to use the instruction booklet first; then, if they do not find the answer to their problems, they should call or visit their nearest Internal Revenue office.

Philpott said that during the filing period assistance will be available to Quad-City area residents each Monday from Jan. 15 to April 15, plus April 12, from 9 a.m. to noon and from 1 to 4 p.m. at the city hall in Granite City.

When visiting or calling for assistance, taxpayers are urged to have all pertinent records available.

Mail to Springfield

For the information of taxpayers filing returns (other than refund returns) in Illinois for the first time and as a reminder to others, Philpott said that residents of Iroquois, Ford, Livingston, Woodford, Peoria, Knox, Warren and Henderson counties and all counties south of the line should file their returns with District Director of Internal Revenue Service, Springfield, Ill., 62704.

Residents of counties to the north of this line file their returns with the District Director, Chicago, Ill. 60602.

Windshield Wipers Bent Ruth Williams, 2727 Sunset drive, reported at 4:45 p.m. Wednesday that both windshield wipers on her auto were bent and twisted while it was parked in front of her home the previous evening.

The Payoff

Success is never an accident — it comes to the man who does his work a little better than it needs to be done.

HELP STAMP OUT STRANGERS

☆ SOCIETY ☆

25th Wedding Anniversary

Mrs. Janet Ash was hostess to a regular meeting of the Nu Zeta Chapter Beta Sigma Phi Wednesday evening at her home, 2905 National avenue, with nine members attending.

Mrs. Barbara Johnston, president, conducted the meeting and appointed new committees for 1968.

Ways and means projects for the new year include a white elephant sale to be held at the next regular meeting on Jan. 17 in the home of Mrs. Marilyn Lumpkin, 1935 Grand avenue.

A "Gypsy Basket" will be started and will be passed among the members for several months.

Plans were completed for an installation of four new pledges on March 6. New members are Miss Judy Barney, Mrs. Sandra Cook, Mrs. Mary Jane Hastings and Mrs. Metella Mason.

The evening's program was presented by Miss Lumpkin in "Awards of Blessings," and a cultural program on "Happiness" was given by Mrs. Barbara Johnston.

Sorority Tours Animal Shelter

A regular meeting of the Beta Phi Chapter of Epsilon Sigma Alpha was held Wednesday evening preceded by a tour of the city animal shelter building. It was announced the toys collected were donated to the Pediatric Ward of St. Elizabeth Hospital.

Plans were made to hold a Valentine party on Feb. 14 at the Colonades.

A social evening with a buffet supper will be held at Augustines on Jan. 17 with husbands as guests.

Mrs. Ann Hosson served as hostess for the evening.

Others present were Mesdames Shirley Claxton, Carolyn Smith, Linda Theis, Linda Gligh, Norma Abernethy, DeLores Milton, Shirley Long, Betty Dick, Sandy Cuvier and Pam Wilson.

Club Installs New Officers

A meeting of Tops Whittle by Whittle was held Monday evening at the 7th Cor. Medical building for an installation of officers for the new year.

The new officers are: leader, Peggy Hackney; co-leader, Resalie Bronnauer; secretary, Shirley Jansen; treasurer, Janice Beatty; weight recorder, Sally Schultz; reporter, Shirley Sobolewski; sergeant-at-arms, Nina Jean Eads.

Queen of the week was Shirley Sobolewski.

Senior Citizens Plan Dinner

The Anchorage Senior Citizens met Wednesday evening with 29 members attending, and plans were completed for a pot luck dinner on Jan. 17 at noon.

Also announced is a program the Salvation Army has planned for Jan. 8 and Jan. 29 at 7 p.m. The Gospel singers will present a musical program for the group on Jan. 21, at 2:30.

HOPE CIRCLE MEETS AT CHURCH

Mrs. Leona Tate, hostess for the January meeting of the Hope Circle of Niedringhaus Methodist Church, served a noon luncheon to the members on Wednesday at the church.

Mrs. Charles Reimers, chairman, presided during the business meeting.

Mrs. Evan Evans gave the devotion on "Facing The Future," and read scripture from 17 Psalm.

The remainder of the afternoon was spent in quilting.

The next meeting will be held on Feb. 7 at the church.

MRS. DAVIS RETURNS FROM HOLIDAY TRIP

Mrs. Bethel J. Davis, 2148 State street, has returned to her home following a Christmas vacation with her son-in-law and daughter, Mr. and Mrs. Maurice A. O'Connor and family, in Arlington, Va.

She was also the guest of her nephew and niece, Judge and Mrs. Linus Vard of Arlington.

TRAVELING BY AIR? CALL HOLIDAY SERVICE, GL 2-3131

Nu Zeta Chapter Plans Sale

Mrs. Janet Ash was hostess to a regular meeting of the Nu Zeta Chapter Beta Sigma Phi Wednesday evening at her home, 2905 National avenue, with nine members attending.

Mrs. Barbara Johnston, president, conducted the meeting and appointed new committees for 1968.

Ways and means projects for the new year include a white elephant sale to be held at the next regular meeting on Jan. 17 in the home of Mrs. Marilyn Lumpkin, 1935 Grand avenue.

A "Gypsy Basket" will be started and will be passed among the members for several months.

Plans were completed for an installation of four new pledges on March 6. New members are Miss Judy Barney, Mrs. Sandra Cook, Mrs. Mary Jane Hastings and Mrs. Metella Mason.

The evening's program was presented by Miss Lumpkin in "Awards of Blessings," and a cultural program on "Happiness" was given by Mrs. Barbara Johnston.

B&PW Club Plans Events

Members of the Granite City Business and Professional Women met at the Illinois Power Co. office, Wednesday evening with the president, Mrs. Mary Batson, presiding.

Reports were presented by committee chairmen, and plans were made for the Granite City B&PW State Headquarters Memorial to be established. Mrs. Maxine Griesman will serve as chairman and Mrs. Vernice Wortman, co-chairman.

A nominating committee was selected to present officers slate for the election to be held in March. Mrs. Pearl Ryckman was named chairman and her committee will be Mrs. Linda Dill, Mrs. Lily Chaboude, Mrs. Jo Leslie Meyer and Mrs. Ann Pieper.

Mrs. Batson was selected chairman pro tem for the January dinner meeting to be held at the Rose Bowl on Jan. 17 at 6:30 p.m. The program will be on "Civic Participation."

Kirkpatrick Parking Need Becoming Serious

With Kirkpatrick Homes area parking along Nameoki road expected to be severely and permanently restricted by street widening work within about two months, the Granite City Housing Authority still is seeking a solution. It was noted at the January meeting of commissioners Tuesday night.

The project is bounded by other property on all sides and has little or no territory within its property for parking expansion. Unless a remedy can be devised, residents may have to begin parking a substantial distance from their apartments.

It was decided to submit a formal proposal to the Department of Housing and Urban Development regional office in Chicago boosting minimum income limits so that more families can qualify for occupancy. The inflationary spiral has gradually made it more difficult for low-income people to rent public housing units without paying excessively high rent in proportion to their income.

Executive Director David Morgan reported. Plans were made for a variety of small rehabilitation and improvement projects at existing apartments and sites this year. Chairman Walter Pfaff presided.

TOPS CLUB INSTALLS
Ship-Shape Tops (Take Pounds Off Sensibly) held their regular business meeting Tuesday evening at Schermer's Civic Center in Madison.
Installation of officers for the year of 1968 took place, with

Mesdames Yvonne Passig installed as leader, Jackie Gattung, vice-leader, Lorraine Gremard, treasurer, Lois Jansen, secretary, and Sandra Barrios, weight recorder.
Others present were Mesdames Patricia Lee, Elinor Baird, Zena Voss, Ann Slate, Rose Yates, Elsie Joiner, Dorothy Brookshire, Nancy Schmitt and Hazel Trotts.
Mrs. Yates was crowned queen of the month and queen of the week.

END MEXICAN TOUR
Mr. and Mrs. Dominic Scaturro, 1228 Robin street, returned home Monday from a one-week tour of Mexico City, Mexico, and surrounding cities.
Accompanying Mr. and Mrs. Scaturro were Mr. and Mrs. Tony Guccione of St. Louis. Scaturro won the trip through the "Big G" supermarket in East St. Louis.

Mrs. Hilda Short, 91 Venice Homes, returned here Tuesday after spending the holidays in East St. Louis and in Bonne Terre, Mo.

A going-away party was held at the home of Mr. and Mrs. Leroy Kutz, 1234 Robin street, in honor of their daughter Barbara, who left New Year's Day to return to Southern Illinois University in Carbondale.

A buffet luncheon was served to Robert Macintosh, Tommy Macintosh, Cindy Bosworth, Ernie Wiedowier, Roger Schaeffer, Bob Shambo, Jim Shambo, Harry Barton, Jr., Kathy Wilkins, Virginia Price, Paul Callender, Denny Hill and Evelyn Ritz.

JOLLY EIGHT MEET

The Jolly Eight club met Tuesday evening at the home of Miss Lona Lassen of Fourth street, Madison.

Prizes were won by Mrs. Pat Durich, Mrs. Geneva Kopchak, Mrs. Lois Harp and Mrs. Lucille Sobzak.
A gift was received by each member from the hostess, and refreshments were served to the prize winners and Mrs. Marsha Sciacca and Mrs. Jettie Lassen. The next meeting will be at the Sobzak residence.

Boy Scout Troop 23, meeting Tuesday evening at the Long Lake firemen's recreation hall with Scoutmaster Leonard Barbor in charge, made plans for a "green bar" meeting tonight and for a campout in February. The scouts worked on advancement. A visitor was Billy Thomas.

Others present were Fred Biggs, Eddie Dummitt, Pete Fourcatt, John Harper, Steve and Dave Hutchings, Earl and Fred Laymann, Mark and Rudy Recer, Mike Rodgers, Larry Taylor, Roger Yokley, Danny and Roger Dalgger, Richard Taylor and Donnie Ageas.

Mr. and Mrs. Thomas Young of Lake Zurich, Ill., and Miss Mary Alice Young of Alton returned to their homes this week after spending a few days here with relatives following the funeral of Young's father, Thomas Young sr. Burial took place Dec. 30.

They visited their brother, Earl Young, and his family and their sisters, Mrs. Eileen Ridgeway and family and Mrs. Pauline Wadlow and family.

Julius Sobczak and son, Joey, have returned from a visit with his brother and sister-in-law in Tamaroa, Ill.

A train of thought runs regardless of time-tables.

CAMP LODGE OUTING

Cadet Girl Scout Troop 1147, with its leader, Mrs. Pat Eaton, spent the weekend through Monday at the Girl Scout Camp Lakota lodge near Glen Carbon.

The troop members enjoyed a New Year's Eve pizza party and worked on the social dependability challenge. They also went hiking and sledding, and practiced a "round square dance."

In a short business meeting, the girls were reminded by Mrs. Eaton to bring their registration money to the next regular troop meeting. Karen Lee and Diane Emring were elected to represent the troop at the Girl Scout Thinking Day program in February.
Troop members attending the

outing were Ruth Bird, Pam Clay, Diane Emring, Barbara Freizer, Becky Graham, Kathy Harrington, JoAnn Head, Donna Kahn, Karen Lee, Debbie McKinney, Donna Sanders and Frances Welty.

Guests of the troop were Sharon and Pam Emring, Patty Harrington, Vickie Welty, Michael Bird and Ronnie Eaton. Mrs. Eaton was assisted by Mr. and Mrs. Johnny Johnson and Ronald Eaton sr.

Transportation was provided by Louise Clay, Mr. and Mrs. John Graham, Ronald Eaton, Tom Harrington, Bob Sanders and Mr. and Mrs. Jess Welty. The next meeting will be Jan. 15 at Mrs. Eaton's home, 2409 East 25th street.

Staples

The high cost of living wouldn't be such a problem if the luxuries of yesterday hadn't become the necessities of today.

Dilemma

Man is a reasoning creature who believes in logic until it threatens his pet prejudice.

**STATE OF ILLINOIS
IN THE CIRCUIT COURT
OF THE THIRD
JUDICIAL CIRCUIT
MADISON COUNTY**
Notice of New Claim Date
IN THE MATTER OF
THE ESTATE OF
L. J. MILLER, deceased
No. R-2

Notice is given of the death of the above and that letters testamentary were issued November 13, 1961, to Mack Holiday of Venice, Ill., whose attorney is Nick D. Vassileff of Madison, Illinois and that Monday, February 5, 1968, is the new claim date for the estate. Claims against said estate should be filed in the office of the Clerk of the Circuit Court at the County Courthouse in Edwardsville, Illinois, and a copy thereof mailed or delivered to said legal representative and to said attorney of record.

Dated, December 15, 1967.
WILLARD V. PORTELL
(Clerk of the Circuit Court)
34-124-28; 1-4

FIRE DEPARTMENT

NOTICE IS HEREBY GIVEN that examinations for eligibility list on the Fire Department for the City of Granite City will be given on January 13, 1968 at 9 A.M. at Labor Temple, 2014A State St., Granite City, Illinois. Applications may be obtained from Fire Chief Earl Frona-barger at the No. 1 Fire house, 23rd & Madison Ave., Granite City, Ill., 8 A.M. to 5 P.M. daily, Monday through Friday, Dated this Second Day of January, 1968.

Qualifications for Firemen
1. The applicant must have had continuous residence of three years in the City of Granite City, and a qualified voter of said city for one year prior

to making application.
2. The applicant must be between the ages of 22 and 35 years.
3. The applicant must not be less than 5 feet 9 inches in height.
4. The applicant must not be less than 160 pounds in weight and of good physical proportion.
5. The applicant must be capable of reading and writing the English language understanding.
6. The applicant must have received a high school diploma or equivalent.
7. 3 years residency within city.
Ralph L. Elliott, Chairman
Board of Fire & Police Commissioners,
Granite City, Illinois.

34-124-41-1

ORDINANCE NO. 2518

AN ORDINANCE PROVIDING FOR TWO-HOUR PARKING ON THE WEST SIDE OF 27TH STREET AT STATE STREET, GRANITE CITY, ILLINOIS

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF GRANITE CITY, ILLINOIS: SECTION 1: It is hereby declared to be unlawful for any person, firm, corporation, servant, agent or employee thereof, to park any vehicle for a period of time longer than two (2) hours on the west side of 27th Street, westerly for one hundred (100) feet from the junction of 27th Street and State Street, from 8 A.M. to 5 P.M.

SECTION 2: Any person, firm, corporation, servant, agent or employee thereof, who violates any of the terms or provisions of this Ordinance shall pay a penalty of Three Dollars (\$3.00) if a ticket indicating such violation is presented to the police station within twenty-four (24) hours, or shall pay a penalty of Five Dollars (\$5.00) if the ticket indicating such violation is pre-

sented at the police station after twenty-four (24) hours. SECTION 3: The Superintendent of Streets is hereby authorized and directed to post appropriate signs along and upon the said streets for the purpose of enforcing this Ordinance.

SECTION 4: All Ordinances and parts of Ordinances in conflict herewith are hereby repealed.

SECTION 6: This Ordinance shall be in full force and effect from and after its passage, approval and publication, and upon the installation of proper signs at said locations, as provided by law.

PASSED BY THE CITY COUNCIL OF THE CITY OF GRANITE CITY, ILLINOIS, this 26th day of December, A.D., 1967.

DONALD PARTNEY, Mayor

HOMER PENDLETON, City Clerk

34-14

REQUEST FOR BIDS

to furnish five new 1968 Police Cars to the City of Granite City.

Four-door sedans 6-cylinder, at least 250 H.P.
Bids are to be submitted in accordance with instructions issued by the City Comptroller. Supplemental and such instructions, the following specifications and instructions should be adhered to:
1. State delivery date in terms of days and weeks after receipt of order.
2. State in full, conditions of warranty or guarantee, differentiate between factory and dealer warranty, if any. The factory warranty may be submitted in manufacturer's printed form.
3. On items marked as heavy duty, specify difference between standard items and preferred heavy duty.

4. Successful bidder will install siren and flasher switch, shotgun rack, all other miscellaneous change over items, in locations specified by an officer of the Granite City Police Dept.
5. On date bids are opened, time and place of a committee meeting to study bids will be arranged and all bidders are invited to attend said meeting for elaboration and clarification of bids, but no changes and alternatives not proposed in original bid will be considered.

6. The City of Granite City reserves the right to reject any and all bids and is not necessarily bound to lowest bid price.

7. Specifications for cars are as follows:
119 inch wheel base minimum
Arm-Rest-front door
Inside Sun Visor-right and left side
Air
Foam Seat Cushions-not clear plastic
Large Heater and Defroster
Deluxe Steering Wheel
Directional lights and safety flasher system for all
Oil Filter
Electric Windshield wipers 2-
Spare tire and wheel
Heavy duty automatic transmission
Heavy duty shock absorbers
12-volt Electrical system
Spot lights on left and right side of 4 cars
Juvenile Car — 1 Spot light left side (cow mount unit lights)
Heavy duty brakes (self-adjusting)
Air conditioning
60-amp alternators
Cigarette lighter
Trunk
Color 4 cars to be off-white
1 Juvenile car color to be left side (cow mount unit lights)
Battery clamps with bolts and nuts
Power steering

Times to be 4-4 1/2, 1st line Retractable seat belts
Juvenile car to be equipped with two-way radio and electronic P. A. system and siren with specifications to be furnished by the Chief of Police as per quote, by Engineer who installs police radio equipment.
Trade in allowance on 4-1967 Chevrolet Biscayne 4 door, to be considered in bids submitted.

Please include Cost of Item No. 4 in Bid.
Bids will be received in the Comptroller's Office until 5:00 P.M. January 22, 1968
Robert W. Stevens
City Comptroller

MRS. LENNA WILLIAMS

1638 Sixth Street

TR 74317

WEST COAST HOLIDAY

Miss Alta Lassen, 1829 Third Street, returned from Whittier, Calif., last Wednesday morning after spending the holidays there with Mr. and Mrs. Jim Craft, formerly of Granite City.

Mr. and Mrs. Lassen, who met Miss Lassen at the airport and took her to Beverly Hills and Hollywood to view homes of a number of movie stars. They also went to Disneyland, Knott's Berry Farm and other points of interest.

The Crafts and Miss Lassen had Christmas dinner in the home of Mr. and Mrs. Kelly Hamilton and daughter, Sandy, and son, Bruce. A gift exchange was held during the evening's get-together.

She also visited Mr. and Mrs. Ray Andrews and other relatives and friends in San Diego. They toured the zoo and Navy shipyards, and the highlight of the trip was watching the Rose Bowl parade in Pasadena on New Year's Day.

Miss Jeanette Triani, president of the Madison Junior Service club, entertained Mrs. Geraldine Friend, Mrs. Jackie Frunzel, Mrs. Adrienne Warhol and Mrs. Rita Barnhart in her home, 100 Briarwood, Tuesday evening.

Topics were discussed and are to be brought up at a monthly meeting of the club next Tuesday evening at the Madison recreation center.

Refreshments were served by the hostess.

HOME FROM NEW YORK

Mr. and Mrs. Richard Zeisset, 417 Madison avenue, returned home Monday evening after spending a week visiting Dr. and Mrs. Phillip Daley and son, Stevie, in Syracuse, N. Y.

Mr. and Mrs. Zeisset had spent Christmas Eve here with Mrs. Zeisset's parents, Mr. and Mrs. Gene Daley. The groups in Madison and Syracuse conversed by telephone on New Year's Eve.

PAST NOBLES CLUB

ELECTS MRS. GALL

The Past Noble Grand club of the Delray 788 Rebekah lodge met Tuesday evening in the home of Mrs. Mary Connole, 1336 Third Street. Miss Margaret Brown served as hostess with Mrs. Connole.

Mrs. Virginia Gall, vice-president, officiated at a business meeting.

An election of officers was held with Mrs. Gall being elected as president; Mrs. Emma Graves, vice-president; Mrs. Thelma Stockton, secretary-treasurer; and Mrs. Ruth Hannebrink, reporter.

The February meeting will be held in the home of Mrs. Estella McBrien.

Refreshments were served to those mentioned and Mrs. Althea Gray, Mrs. Elsie Vance, Mrs. Dorothy Gregory, Mrs. Minnie Perry, Mrs. Lillian Holtzacher and Mrs. McBrien.

MRS. CORY HOSTESS

TO BETHANY CLASS

Mrs. Pauline Cory was hostess to the Bethany Sunday school class of the Madison First Baptist Church in her home, 1923 Harris Street, Tuesday evening.

The monthly meeting opened with prayer by Mrs. Evelyn Lee, followed by singing of the class song, "Trust and Obey." The class motto, aim and Scripture were given in union.

TRAILRIDERS CLUB installation here Tuesday night. Mrs. Emylee Alford, retiring president, is shown presenting the gavel of office to the new president, Boniface Doza.

North Granite Tralriders Saddle Club Installation

Boniface L. Doza of Bend road was installed as 1968 president of the Tralriders Saddle club at a regular meeting held at the YMCA Tuesday evening.

He succeeds Mrs. Emylee Alford, who conducted the installation.

Others installed were Lewis Haffey, vice-president; Jolene Traits, secretary-treasurer; and Dave Morgan sr., Bill J. Mibu, William Kincaid and Mrs. Mary Lockhart, members of the board of directors.

Delbert Willtrout was accepted as a new member. Refreshments were served to about 50 members following the business session.

Damaged in Venice

Cars driven by Carol J. Holdor, 2835 Edwards street, and Bufor E. Ligue, St. Louis, were damaged at 4:50 p.m. Tuesday in a collision at Seventh street and Broadway in Venice. Police said the Holder car was headed east on Broadway and Ligue was driving west and making a left turn into Seventh street.

Two Autos Damaged

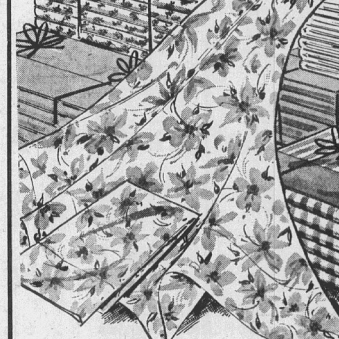

Damage to two autos was reported to Venice police at 12:30 p.m. yesterday as the result of a collision at Line Alley and Logan street. Police reported cars driven by Bernard Parris, 1220 Logan street, and Davis, 1220 Logan street, were heading north on Logan when Parris' car skidded into the rear of the Davis auto.

SIU Press Publications Mark Success for 1967

Publication of its most successful book to date, an increase of nearly 40% in overall net sales and inauguration of three new book series were highlights of the year 1967 for the Southern Illinois University Press, Carbondale.

The best selling release of the Press in its 14-year history is "Save Me The Waltz," a reprint of a 1932 novel by Zelda Fitzgerald, wife of the famed literary figure of the Twenties, F. Scott Fitzgerald.

Published in April, "Save Me The Waltz" already has topped

the 10,000-copy mark, a record approached by only two other books in the history of the Press.

The novel is a fictionalized account of the Fitzgeralds' early marriage, particularly of their years in Europe. In its original edition it sold only 3000 copies and was never reprinted in the United States, according to Vernon A. Sternberg, Press director.

Although "Save Me The Waltz" was reviewed harshly by critics of the time, the work has come to be regarded by present-day scholars as an authentic chronicle of the Jazz Age. Sternberg says, and is considered by many as the best novel ever written about the career of an American ballerina.

Other Toppers

Other SIU Press publications which have reached the 10,000-copy category are "Illinois: Know Your State" by Mabel Lane Bartlett and John E. Grinnell, which was published in 1962 and now is in its third printing, and "Contemporary American Novelists," edited by Harry T. Moore, research professor of English at SIU, which

was published in 1964 and now is in its fourth printing.

Total net sales of the Press for 1967 were \$320,000 compared with \$232,000 in 1966. Almost a third of the 1967 total was accounted for by sales of \$100,000 in the Crosscurrents/Modern Critiques series. The series, now containing 33 titles, was inaugurated in 1962 and its net sales to date are approximately \$300,000.

Another leading seller during the year was the Crosscurrents/Modern Fiction series, introduced in 1966 and now containing four titles. Its net sales of \$10,000 during 1967 represent half of its net sales to date.

The three new series introduced by the Press in 1967 were "Papers of Ulysses S. Grant," "Illustrated Fauna of Illinois" and "The Early Works of John Dewey."

Series on Grant Papers The Grant series is under the general editorship of John Y. Simon, associate professor of history at SIU and executive secretary of the U. S. Grant Association which is cooperating with the University in the publishing project. The series is expected to run to 15 volumes over the next 10 years and will consist largely of letters and personal papers of the

eighteenth president, many of which have never before been published. Every personal or public document known to have been written or signed by Grant will be included.

"Illustrated Fauna of Illinois" will be devoted to describing and illustrating every kind of plant in the state. Its general editor is Robert H. Mohlenbrock, professor of botany at SIU, who is the author

of the first volume in the series, "Ferns." During research for the book 13 new species and one previously unknown variety were discovered.

The Dewey series, which will contain five volumes, will be devoted to writings of the pioneer American philosopher-educator during the years 1882 to 1888. The writings will be arranged in their chronological order and will contain numerous obscure works by Dewey which were originally published in out-of-the-way journals or as pamphlets, reprints, encyclopedia items, letters to the editor, and most of which were never reprinted.

The Southern Illinois University Press was established by the University's board of trustees in 1953 but the first book to bear the SIU Press imprint was not published until 1956. The Press was organized by its present director, Vernon A. Sternberg.

During the last fiscal year, a total of more than 570,000 books and other items was checked out while more than 1,137,000 items (books, periodicals, maps, slides, recordings and other items) were used in the library, Randall said.

SIU Deadline for Application is Jan. 22

The deadline for applying for admission or readmission to Illinois State University, Normal, for the second semester which begins Feb. 2 is Jan. 22.

New students must have a complete application and all necessary transcripts to the Office of Admissions and Records by the 22nd, so that they can be processed in time for registration.

Former SIU students not in attendance the first semester of 1967-68 must file a readmission application with the Office of Admissions and Records also by Jan. 22.

The regular campus registration will be Jan. 30 to Feb. 1, with classes beginning Feb. 3. Illinois State's second semester enrollment is expected to be just slightly less than the 11,072 who registered for the first semester.

The 140 Moslem students on Southern Illinois University's Carbondale campus have formed the Moslem Students' Association.

GC Student Employed In Library at SIU

It takes a lot of manpower to keep Southern Illinois University's 900,000-volume Morris library going and serving the Carbondale campus's 19,500 students.

To assist the library's 93 full-time staff members, a total of 231 students were employed part-time during the fall quarter, according to Ferris S. Randall, library director. One was Barbara Sabin, 12 Mercer drive, in the catalog department.

Students help in every phase of the library's operation—cataloging, ordering, serials, special service, and in administrative offices. They work in each of the various collections: education, humanities, science, social science, rare books, University School and Vocational-Technical Institute. The circulation service, which dispenses books to students and faculty for out-of-the-library use, by means of an electronic check-out system, employs the largest number of students. The library is open from 7 a.m. to midnight six days a week and from 2 p.m. to midnight on Sundays.

During the last fiscal year, a total of more than 570,000 books and other items was checked out while more than 1,137,000 items (books, periodicals, maps, slides, recordings and other items) were used in the library, Randall said.

Current Events Group Includes GC Students

Bill Lierman, 2496 Waterman avenue, and Erik Wiehardt, 2532 East 27th street, are members of the current events committee of the Southern Illinois University-Southwestern campus.

The pair shares the duty of keeping the student body informed of current events. Throughout the year industrial and career exhibits are on display in the University center through the courtesy of the committee.

Non-Credit Courses Offered by College

Non-credit courses at the university level have been announced by the Metropolitan College of St. Louis University for the spring semester.

Full information and schedules may be obtained from the college at 221 North Grand avenue, St. Louis, Mo.

To Play in Concert

Nancy Zang, daughter of Mrs. Velma Zang, 203 Johnson road, will participate with the Illinois State University concert and variety bands in a joint concert at 8:15 p.m. Tuesday on the SIU campus. She plays the flute in the variety band. It will be open to the public without charge.

The Southern Illinois University theatre department will use two barges donated by a Joliet firm as a floating stage for the presentation of plays up and down Illinois waterways during the state's sequentennial.

SIU Frosh Ambitious, Conservative, Athletic

A profile of Southern Illinois University's undergraduate Class of 1971 reveals the average student to be slightly conservative, somewhat ambivalent, and ambitious for financial success.

Nearly 45% of this year's freshman crop at the Carbondale campus plan to go after advanced degrees and more than a fourth expect to get married while they're in school or within a year after they graduate.

In specifics, they compare generally with their Class of '71 brethren at other public universities in the U. S. More than half are attending college with family funds, but two

thirds are concerned to some degree about finances. Twenty-four per cent report their parents' income between \$10,000-\$15,000 per year.

Data was gleaned from a questionnaire filled out this fall by 2690 SIU freshmen. It was part of a nationwide data-gathering expedition by the American Council on Education, whose main aim was to find out "what are students like today?" About 280,000 students at 339 schools were questioned.

Types of Schools

For purposes of arriving at "norms," the schools were broken down into types (two-year, four-year, etc.) and SIU was included with a group of 87 full-fledged universities. That group also was sub-divided into Catholic, private and public institutions.

Forty per cent of the SIU frosh said they had applied at other schools as well as SIU, but the multiple-application

norm was nearly 55% nationally. In one-two order, parents' and the university's academic reputation accounted for the most points in making the choice. That same preference order held true nationally.

Other influences listed by the SIU newcomers included teachers or counselors (28%), friends already in school (25%), the chance to live away from home (19%), and low cost (18%).

Athletic Influence

Seven per cent listed athletics as an influence—above the national average—but the nine per cent who cited social life as important in their decision were below the average for all universities.

Sixteen per cent of the SIU freshmen said they plan to teach in high school; 12% plan careers as businessmen; seven per cent want to teach in grade schools; seven per cent have their sights set on engineering; and another seven per cent plan to be in some field of the arts.

Business, skilled work and farming lead the occupational categories for the fathers of

SIU's new freshmen. Nationally, the ranking was business, skilled work and engineering.

Fifty-four per cent claim the Protestant religious faith; 26 are Catholic; four per cent are Jewish; six per cent profess some other faith; and seven per cent have no religion preference.

"Developing a philosophy of life" was ranked high in a list of "very important objectives," but not as high as the national norm. Seventy-nine per cent of the class voted it important compared to 86% of freshmen in all schools.

Business Success

On the other hand, half the SIU newcomers ranked business success as important, compared to 47% of the total surveyed population. SIU students also assigned more importance to "being very well off financially" and "becoming an outstanding athlete" (46%, and 13%) than did their classmates across the nation (44%, and 11%, respectively). Performing music and achieving in a performing art drew fewest "important objective" votes, while

"being an authority in my field" and "helping others in difficulty" ranked next in importance to developing a life philosophy. These same priorities were reflected in the nationwide responses.

Two per cent—about 50 of the SIU frosh—said they probably would participate in demonstrations while in college. The percentage nationwide was five.

More than \$12,000 additional NSF funds have been allotted for 30 stipends to finance student participation in the three-week program.

A portion of the operating outlay also will be used for conducting an in-service program with classes meeting every other Saturday from the end of summer through June of 1969. The allotments are the first presented to the university by NSF for physics.

Both the grant and the stipends are earmarked for secondary school teachers who wish to study under a state-wide program sponsored by the foundation. Called "Illinois State Physics Project," the study involves six Illinois colleges, including SIU's Carbondale campus, two other state universities and two private ones.

NSF Grants \$10,680 For Physics Institute

Southern Illinois University-Southern campus has been awarded \$10,680 by the National Science Foundation to support an institute on physics next summer at the local campus.

More than \$12,000 additional NSF funds have been allotted for 30 stipends to finance student participation in the three-week program.

A portion of the operating outlay also will be used for conducting an in-service program with classes meeting every other Saturday from the end of summer through June of 1969. The allotments are the first presented to the university by NSF for physics.

Both the grant and the stipends are earmarked for secondary school teachers who wish to study under a state-wide program sponsored by the foundation. Called "Illinois State Physics Project," the study involves six Illinois colleges, including SIU's Carbondale campus, two other state universities and two private ones.

Religious Theatrical Set at St. Louis U.

"Will The Real Jesus Christ Please Stand Up?", a theatrical seminar, will be presented by the Bachelor Theatre of St. Louis University Theater Jan. 12 and 13.

The play, written by Malcolm Marmorstein, is based on the concept that the Christ-figure over the years has become so distorted that man may not recognize Christ were He to walk among men today. Curtain time is 8 p.m., and tickets are \$6c at the door. The theatre is located at 3642 Lindell blvd., rear.

Marine Cpl. Gregory With Unit in Vietnam

Marine Cpl. Howard E. Gregory Jr., son of Mr. and Mrs. Howard E. Gregory Sr. of 128 Voight place, is serving with the First Tank Battalion, First Marine Division near Da Nang, Vietnam.

Primary mission of the battalion is to support the division's infantry units engaged in combat with direct supporting fire. The tank also has other capabilities. Using a blade similar to a bulldozer, the tankers often cut roads through

the dense Vietnamese terrain in order to provide the infantry with supporting fire.

Checkerboards Present Show at VA Hospital

The Checkerboard Squares took advantage of the holiday school vacation to spread some holiday cheer by presenting an afternoon performance at Cochran Veterans Memorial Hospital in St. Louis last Friday.

The group staged a one-hour show, including square and round dancing, with specialty numbers by Jim Taylor and Suzanne Boyd, Wayne Davis and Sherine Boyd, and Shelly Boyd.

Davis, a Navy petty officer from Oklahoma City now stationed at Dam Neck, Va., spent three days of his Christmas leave in Granite City to visit the Checkerboards and participate in the show.

Refreshments were served to the patients and the group by the American Legion Auxiliary. Participants were: Jim Taylor, Tom Beck, Ken-ny Goff, Keith Goff, Jimmy Buford, Mike Phillips, Randy Phillips, Billy Weidner, Doug Sawyer, Jeff Brady, Shelly

Town Board Approves \$5410 December Bills

Approval of December township bills amounting to \$5410 and a report showing total balances of \$23,907 in all township funds at the end of the month was voted by the Granite City council convened as the town board Tuesday night.

The board approved bills of \$2488 payable out of the town fund and bills of \$2921 payable out of the general assistance fund. The claims were submitted for approval by Granite City township supervisor Nelson Hagauer.

Town fund bills consisted primarily of salaries totaling \$1977. These included \$187 salary and \$30 expenses to Hagauer, and \$320 salary and \$200 expenses to Assessor James Barton. Per diem payments of \$30 to the 16 board members also was included. Other town fund payments included \$125 for rent, payments of \$345 and \$275 to the Illinois Municipal Retirement fund and \$38 to Graham's Book store for supplies.

General assistance bills approved included \$320 in salaries to clerks, \$171 in rent payments, \$133 for hospital bills and \$177 for prescription costs, and \$1033 for food orders.

Hagauer's report showed a Dec. 31 balance of \$204,446 in the general assistance fund, \$17,424 in the town fund, and \$2057 in the municipal retirement fund.

War I Vet Groups Plan Pilgrimage
Veterans of World War I, Madison Barracks 34 and Auxiliary met Tuesday evening at the VFW Hall with 40 attending. The Charter of the Barracks was draped for four members who passed away last month.

Plans were made by both groups to attend a Fourth District meeting on Jan. 21, at the VFW Hall in Collinsville.

The annual Pilgrimage to Lincoln's Tomb will be on Feb. 11. A banquet will be given on Feb. 10 with the National Commander, Philip O'Brien of California, and National President, Donna Carlberg of Nebraska as guest speakers. A board of Administration of the Department of Illinois will be held Sunday morning followed by services at the Tomb at 2 p.m.

After the meeting, Buddy McGarranhan, showed films taken in Ireland when he visited there last summer.

GC Seeking Bids for Five New Police Cars

Granite City Comptroller Robert W. Stevens will accept bids until 5 p.m. Jan. 22 for five new cars for the police department. One is to be a car for the juvenile-traffic divisions and the other four are to be patrol cars. The city will trade in four 1967 sedans. The bid advertisement appears elsewhere in this issue.

3 Vehicles in Mishap

Upon applying brakes, an auto driven by Leroy D. Morris, 1817a Edwarville road, skidded into the intersection of 17th and State streets and struck an auto driven by Henry D. Jaco, 1338 Rhodes street, at 5:30 p.m. Tuesday. The Jeco auto spun around and hit an Illinois Power Co. pickup truck driven by Hassel Jones, Rural Route Two. Morris was charged with a right-of-way violation.

Damage Minor in Mishap

Minor damage resulted when auto driven by Ruth W. Thomsberry, 2468 Waterman avenue, and Rita A. Gray, 2886 Jerden avenue, came into contact on the parking lot of the Big G market in the 2300 block of Madison avenue at 1:15 p.m. Tuesday.

\$10,110 Bill List, \$45,115 City Payroll

A \$10,110 bill list and a \$45,115 half-month payroll were approved Tuesday evening by Granite City council members.

Major item among the bills was \$3840 paid for employee retirement as the city's share for the Illinois Municipal Retirement Fund.

There was a motor fuel tax payment of \$2818 to G. H. Sternberg Co. for work on the Cottage, Lindell, Garfield and Clark avenues project off Namecki road.

Sick leave payments to city employees for the last half of December amounted to \$2016, including the two firemen injured at last week's Reilly Tar & Chemical Corp. fire outside the city limits. Reimbursement will be sought from the company.

Driving License of Local Man Suspended

Secretary of State Paul Powell this week announced a revocation, two suspensions and issuance of a probationary permit in actions by the Drivers License Division of his office affecting Quad-Cityans.

The license of James H. Grady, 2940 Marshall avenue, was revoked for driving while under the influence of alcohol. License suspensions were ordered for Donald F. Abernathy Jr., 2100 Wilson avenue, and Hillary M. Keelin, 3178 Jill avenue, due to three traffic violations each.

A probationary permit has been issued to Jimmy N. Seay, 5402 Maryville road.

Lawn & Garden

WAYNE B. SIEBERT Extension Ornamental Horticulturist for St. Clair and Madison Counties

Winterkill of Trees, Shrubs

Sub-zero weather is not a disaster to trees and shrubs, but some injury and winterkill often occurs.

When late fall growth of trees and shrubs doesn't mature, winter dieback usually occurs. Sub-zero weather causes more killing than mild winters, and emphasizes more caution in fertilizing, pruning and mulching.

Fall rains and extra fertilizer are an ideal combination to promote an extra "spurt" of fall growth. Late summer pruning will also produce this away problem of late fall growth. Moderate fertilizing in the spring and late spring or early summer pruning will often slow down this excessive growth by fall.

Delayed spring pruning until new growth has begun will help you to find the wintering branches and shoots. As new summer growth appears, additional pruning will help to develop shape.

Continued zero weather may cause deep freezing of the soil and complete kill of holly, boxwood and pyracantha. Wind protection as well as mulching is beneficial to prevent winter injury of the lower trunk and roots.

Leaves and straw are the favorites to hold the warmth in the soil and protect the lower trunk and crown. This fluffy blanket accumulates blowing snow to add to the protection. Winter mulching is still beneficial if you have sensitive plants or newly transplanted trees and shrubs.

Christmas tree boughs for Mulch

Christmas tree boughs and needles can become a good wintertime mulch for bulbs and perennials.

Christmas tree limbs are ideal to catch snow and insulate a flower bed when evenly placed on the soil. But the whole strategy is in reverse. Warm days in early spring often cause the bulbs to grow, only to be caught by a devastating spring freeze. A mid-winter mulch prevents deep freezing, but insulates the cold ground to delay these early starts.

Pine boughs aren't the only mulch for this midwinter job. Leaves, sawdust, wood chips and straw are equally effective. Whichever you use, do not get carried away. If you are uncertain about how much to use or are concerned about a special plant call your local nurseryman for advice.

Colorful Tree, the Birch

Year around beauty of the white bark, and the golden fall color are virtues of the white birch.

Two varieties are commonly grown, the weeping birch and the paper birch. Each has its advantages.

The weeping birch has the graceful beauty of the weeping branches and rounded shape. Golden fall color is an extra bonus for this attractive tree. Some prefer the clump effect, but the single symmetrical tree seems more often the choice of tree lovers and nurserymen.

One insect enemy prefers the weeping birch to all other birches. Birch borer is not

known to this area, but in northern and eastern areas, this insect pest has become a destructive problem.

The paper birch is one of the white birches commonly seen in the north woods. Its white bark and golden fall color offer special qualities for your landscape plan. The paper birch has the same vigorous growth and peeling bark as the weeping birch, and especially thrives in well watered or wet locations.

Nurserymen note this tree seems to survive. Some report these trees are hard to transplant. As fast growing trees, you can afford to buy the smaller size to insure survival, and soon have the size and beauty you desire.

March of Dimes Benefit at Game

The March of Dimes campaign in the city of Madison will get under way officially tomorrow evening when a crew of volunteer workers will sell sacks of peanuts at the Madison-Granite City basketball game at Madison high school gymnasium.

Mrs. Charles Voloski, chairman for the January campaign in Madison, said co-chairman Mrs. Alberta Mikolasek is making arrangements for the peanut sales at all home basketball games during the month.

Canisters for donations are to be placed in several hundred business places throughout the city within the next 10 to 12 days, Mrs. Voloski said. The annual Mothers' March is set for Jan. 29.

Marine Cpl. Ronald F. Asbeck, son of Mr. and Mrs. Ralph F. Asbeck of 2201 Edna street, and Seaman Richard F. Haack, USN, son of Mr. and Mrs. James F. Haack of 2002 Cottage avenue, are serving aboard the attack aircraft carrier USS Ranger, operating in the Gulf of Tonkin off the coast of North Vietnam.

Aircraft from the Ranger set off three secondary explosions when they bombed a string of trucks south of Thanh Hoa during an air strike on enemy targets.

We can get you part of a Renault 10 in 48 hours. Or less.

Chances are we'll have the part you need right in our own parts department. (We stock over 2000 parts.) But if we don't, all we have to do is call one of the 7 Renault parts depots, strategically located throughout the country and we'll get the part. Within 48 hours.

So if it's part of a Renault 10 you want, we can get it for you in no time.

If it's a whole Renault 10 you want, needless to say, we can get that for you too. For \$6000.

Sharon Reinhardt Tells Of Peace Corps Work

A "packed house" membership of the Granite City Rotary Club Tuesday heard Miss Sharon Reinhardt, a Peace Corps worker for two years, tell of her experience in the Philippine Islands, an assignment from which she returned home two months ago.

Miss Reinhardt, daughter of Mr. and Mrs. Elmer Reinhardt of 2805 Iowa street, has been teaching as a substitute in Granite City public schools, but plans to begin work soon on her master's degree at the University of Illinois, she told Rotarians in the Tuesday noon luncheon session at the YMCA.

During her two years in Zamboanga on the Isle of Mindanao, Miss Reinhardt worked in conjunction with the Philippine Bureau of Public Schools as an elementary science teacher. She described the Philippines as one of the most complex living areas because of its multiplicity of races and dialects. Population of the 7000 islands of the Philippines has a population of about 34 million with the fastest growing birth rate in the world. About 90% of the population is Catholic and 7% Moslem, she said.

She said that Peace Corps volunteers in the Philippines hold the highest rate of volunteerism of service than in any other overseas area and record the highest number of marriages to nationals.

Miss Reinhardt is a graduate of Granite City High school and Illinois State University at Normal where she received a degree in special education.

The entire meeting period was devoted by Rotarians to Miss Reinhardt's talk.

Assigned in Korea
Army Pvt. James J. Agles, 20, son of Marion J. Agles, 27 Fountainbleau drive, has been assigned as a field artilleryman in the 6th Battalion of the 2nd Infantry Division's 37th Artillery, in Korea.

On Vietnam Scene

Live Grenade Found Under GC Man's Bunk

Staff Sgt. Robert L. Moore, son of Mr. and Mrs. Paul E. Lewis, 2628 Sheridan avenue, now in service with an artillery battery in Vietnam, is much more cautious about where he sleeps, according to word received by his family.

While on duty at the 23rd Artillery G. P. Meteorological section was being improved and enlarged recently, Pfc Gordon W. Cannon of Mesa, Ark., found

a concussion grenade beneath Sgt. Moore's built-in bunk. The pin had been pulled and the arm was fired. Members of an engineering squad detonated the grenade.

Moore and his companions using the bunker believe the grenade rolled under the bunk July 11 during an enemy ground attack on a Battery, 6th Battalion of the 27th Artillery, and they had been sleeping with it for more than 100 days.

Seaman Gerald Byrd Is San Diego Grad

Seaman Apprentice Gerald H. Byrd, USN, son of Mr. and Mrs. Clarence H. Byrd of 539 Salveter street, has been graduated from nine weeks of Navy basic training at the Naval Training Center at San Diego, Calif.

In the first weeks of his navy service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station. In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Soil Conservation Aides Needed in Area

The St. Louis Interagency Board of U. S. Civil Service Examiners is now accepting applications for Soil Conservation Aids.

Conservation Aids assist Soil Conservationists and work closely with farmers and farm groups on many types of conservation projects. Positions are with the Soil Conservation Service, Department of Agriculture, in the state of Missouri and Madison and St. Clair counties in Illinois.

Applicants are rated on the basis of education and experience, with salaries beginning at \$4200.

For further information about duties and requirements for this position contact John Larkin, examiner in charge at the East St. Louis post office or write the Federal Job Information Center, 1200 Market street, St. Louis, Mo. 63103.

Smoking Extra Hazard To Urban Area Families

City dwellers who smoke—be aware! Cigarette smoking added to polluted air can increase risk of lung cancer by 15 times, authorities now believe.

In urban areas of 50,000 or greater population, for example, the lung cancer death toll rate among cigarette smokers is nearly 15 times that of cigarette smokers living in rural areas.

Reasons: Both cigarettes and air pollution are auto exhaust, burned coal and other heating fuel byproducts contain a noxious substance called "polycyclic hydrocarbons," a cancer-producing agent.

These pollutants not only contribute to lung cancer, it is contended, but also complicate several respiratory diseases, such as asthma, bronchitis and emphysema.

The death rate from emphysema—a disease which causes a loss of elasticity in part or all of the tiny air sacs which form the lung, has also risen tremendously. Its death toll is now more than 10 times what it was in 1958.

While the causes of air pollution are being pinpointed and steps taken toward easing of that problem, city dwellers who smoke are described as greatly increasing their chances of contracting a serious lung disease in the meantime.

Cancel Nameoki Meet

The regular meeting of the Nameoki Town board was cancelled Tuesday night because two members of the board were unable to attend and only a small amount of routine business was scheduled. Absent were Town Clerk John Karlechik and Board Member William Schreiner. Current business was postponed until the next regular meeting Jan. 16.

MISS JUDITH DIANE UTLEY, whose engagement to William G. Dawson is being announced.

ENGAGED, Miss Karen Huebner, whose parents, Mr. and Mrs. Henry Randall of Keebler road, Collinsville, formerly of Granite City, are announcing her betrothal to Jack Fish, son of Mrs. Alene Fish, 4909 Carl avenue, and Winford Fish of East St. Louis.

MRS. BRYANT B. ROTHFELD, the former Miss Mary Jewell Mosley, whose wedding was Dec. 27 at St. Margaret Mary Roman Catholic Church. The bride's parents are Mr. and Mrs. John P. Moseley, 2811 Palmer avenue. Her husband's parents are Mr. and Mrs. Marcellus Rothfeld of St. Louis. The newlyweds are residing in Santa Monica, Calif.

MISS GLENDA GALE ALFORD, whose betrothal to Todd H. Schafer of Chicago, was announced at a New Year's Day party at the bride-elect's home, She is the daughter of Mr. and Mrs. James E. Alford, 2152 Orville avenue. Wedding plans are indefinite.

Miss Alford Is Engaged

The engagement of Miss Glenda Gale Alford and Todd H. Schafer is being announced by her parents, Mr. and Mrs. James E. Alford, 2152 Orville avenue.

Miss Alford, who observed her birthday New Year's Eve, was salutatorian of the June 1965 graduating class at Granite City high school. She began her senior year this month at Illinois State University, Normal, from where she expects to be graduated next January with a degree in special education.

Her fiancé, the son of Mr. and Mrs. Herbert J. Schafer of Chicago, was graduated in June from Illinois State University. Presently, he is employed as a social science teacher at a junior high school in Chicago. Wedding plans are indefinite at the present time.

UPW Board Plans Area Meeting

The executive board of the UPW of the First Presbyterian Church met Tuesday evening for their first meeting of the new year in the home of their president, Mrs. Elbert Roberts. Devotions were led by Mrs. Beryl Nyboer and Mrs. Roberts. A dessert luncheon was served by the hostess to 15 members present, followed by a business session, conducted by Mrs. Roberts.

She announced that on Jan. 9 the church will host a gathering of women of the Quad-City area who are interested in preparing cancer dressings. Those planning on attending should meet at the church at 9:30 and bring a sack lunch. Dessert and coffee will be provided.

HOLIDAY VISITORS AT CHARLTON RESIDENCE

Mr. and Mrs. Gordon Charlton and son, Jim, of 3237 Carlton avenue, had as house guests for the holidays, their son, David Charlton, of Detroit, Mich., who returned home earlier this week, and their son and daughter-in-law, Mr. and Mrs. Edward Charlton and children, Brian and Terry, of San Francisco, Calif.

The California visitors, who plan to depart Saturday for the west coast, also visited at the home of Mrs. Edward Charlton's parents, Mr. and Mrs. Steve Staicoff of Glen Carbon.

Retired Bricklayer, Oscar Kramer, Dies

Oscar F. Kramer, 59, of 903 Kirkpatrick Homes, a retired bricklayer, died at 3:25 p.m. Tuesday at St. Elizabeth Hospital, where he was admitted Sunday evening after suffering a heart attack at home.

Mr. Kramer had been ill six years with multiple sclerosis. Prior to his illness, he was employed as a bricklayer and foreman on construction projects in the Quad-Cities and worked at various times in the brick-maintenance department of Granite City Steel Co.

A local resident for 26 years, Mr. Kramer was born at Macon, Mo., and had resided in Decatur, Ill., before moving here. He was a member of Bricklayer's Local 85 of Granite City and, several years ago, served as union secretary for more than a decade.

He was a honorary member of the Long Lake volunteer fire department. A young daughter, Barbara Sue Kramer, preceded him in death in 1952.

Surviving are his wife, Mrs. Rudayze Kramer; one son, James Kramer of Granite City; three daughters, Mrs. Steve (Sandra) Szalai and Mrs. David (Karen) Nicol, both of Granite City, and Mrs. James (Janet) Monaghan of Aviston, Ill.; three sisters, Mrs. Mary Alexander and Mrs. Marge Messer, both of Olathe, Kans., and Mrs. Lillian Phoenix of Sublet, Kans.; four brothers, Carl Kramer of Holton, Mo., Woodrow Kramer of Hutchinson, Kans., Diet Kramer of Killeen, Tex., and William Kramer of Olathe; and six grandchildren.

Funeral arrangements are given in today's obituary column.

Roca Boys to Aid March of Dimes

Solicitation for the annual March of Dimes will be conducted on downtown street corners by members of the Roca Young Men's Club on Jan. 5 and 19.

Permission for the boys to make the collections from 4 to 7 p.m. on the two days at 20th and State streets, Niedringhaus and Delmar avenues and at 1900 Edison avenue, was given Tuesday night by the city council.

The request to the council was made by Mrs. Bernadine Hagauer, March of Dimes chairman for the city of Granite City.

Tools Stolen

Daniel Nash, 2011 Hildebrand street, Cloverleaf, reported to the county sheriff's office Tuesday that a box of tools to install car glass, plus some wrenches, were stolen from his auto parked in front of his home after 11 p.m. Monday.

Auto Window Broken

Manuel Fernandez of 84 Garache Homes, Madison, reported Tuesday that vandals threw a beer bottle through the rear window of his 1965 auto while it was parked in the 2600 block of East 24th street.

Farm Column

By Warren W. Bundy
Madison County Farm Adviser

Muddy Fields Delay

Many Madison county farmers have not yet completed corn harvest, but harvest is more advanced here than in most areas of the state.

Less than 10% of the corn still is in the field here, compared with 25% statewide.

Muddy fields, high moisture in corn, and storage facilities continue to hamper corn harvest.

Some corn in the fields here is above 30% moisture. Such corn will dry very slowly, if at all. When the air is cool, or when the relative humidity is high, moisture losses occur slowly.

Much corn is below 21% moisture content, which is safe to store as ear corn in ventilated cribs. But such corn will not keep as shelled corn unless its temperature can be kept under 40 degrees, or unless it is dried.

Some late-planted wheat has not yet come up, and farmers have asked what to do about it. All we can do now is wait and see what happens. To make grain, winter wheat varieties must vernalize. That means there must be a freezing temperature on the wheat after it germinates. If winter wheat does not germinate until Spring after we do not have any freezing temperatures, it will not make any grain. That is one reason why winter wheat varieties cannot be planted in the Spring.

We'll have to wait until April for the final answer to the present wheat situation.

Hogs will be turned on to some cornfields to clean up the corn left by pickers. The hogs will feed to be feds. Some protein supplement.

In a U. of I. test, hogs receiving no protein supplement gained only about 60 percent as fast as hogs fed a well-balanced ration.

With protein supplement, hog gains cost \$3 less per hundred pounds and the additional protein supplement produced 100 more pounds of gain.

If cattle are turned out on cornstalks, they should be in the field only for short periods each day.

Cattle that aren't accustomed to large amounts of concentrate often overeat. Fertilization of the concentrate in the rumen causes an acid build-up that dehydrates and poisons cattle.

When the cattle come in from the field, watch for listless animals and stragglers—the first signs of overeating. Without immediate treatment cattle that have overeaten may die.

Tularemia Can Be Prevented

Tularemia is popularly called "rabbit fever" because of its association with infection during the handling of wild rabbits. Actually, the disease can be transmitted in a variety of ways, but the rabbit-hunting season arouses concern over this disease, since it is one that is transmissible to man.

Illinois Department of Public Health records show that 3829 persons in Illinois have contracted the disease since the first case was reported in 1926. Twenty-one human cases were reported in Illinois in 1966.

Human infections may result from direct contact with infected animals. While handling infected rabbit carcasses, the organism may enter through breaks in the skin of the hands. Symptoms of infection in humans include ulcers, swollen lymph glands and death. Fortunately, the human death rate has been very low in recent years, due to antibiotics.

Caution is the by-word for prevention of the disease. Sick or dead wild animals should not be handled. Rubber gloves should be worn while skinning or dressing wild game, especially rabbits. Carcasses with white spots on the internal organs should be discarded and hands of exposed persons washed and disinfected at once. The causative organism can penetrate healthy skin and does not require a wound for its entry. Infection may also be contracted by rubbing the eyes with contaminated fingers or hands. Early treatment of suspected or known cases is important.

Cold Wave Broke Gas Consumption Record in State

Below-zero temperatures throughout most of Illinois brought record consumption of natural gas by Illinois Power Co. customers on Dec. 31, the utility announced yesterday after a compilation of usage records.

Consumption of 494,765,000 cubic feet topped by 1.7% the previous record of 486,168,000 cubic feet on Jan. 29, 1966.

Many industrial plants were closed Sunday, or the new peak would have been even higher, a company spokesman said.

There was no new peak set during the winter of 1966-1967.

The utility installed natural

Parking Lot Accident

Unable to stop on an icy surface, an auto driven by Harold J. Hughes, 1707 Miner street, collided with a taxicab driven by Lloyd T. Bugg, 2940 Myrtle avenue, at 3:25 p.m. Tuesday on the Granite City high school parking lot.

gas distribution systems in 35 additional communities during 1967 and plans to bring gas to 19 new areas in 1968.

The supply of gas during 1967 was increased to 7.5% and a 5.5% increase is expected this year due to an increase in flow from pipeline suppliers and an expansion of the company's underground storage capability.

A black and white portrait of a young woman with short, dark hair styled in a bob. She is smiling slightly and looking towards the camera. She is wearing a dark, high-collared garment. The background is a mottled, light gray.

This block contains four separate illustrations of vintage vehicles. In the top left is a long, boxy bus or school bus with multiple windows and doors. To its right is a vintage pickup truck with a short bed. In the bottom left is a classic sedan with a prominent rear spoiler. In the bottom right is a small motorboat mounted on a two-wheeled trailer.
